

Bethlehem Steel Corp. Acquires 12,000 Acres Of U.P. Quarryland

Split Ship Pours Oil On Beaches Of Puerto Rico

SAN JUAN, P.R. (A) — An oil slick four miles long and a mile wide threatened to drive thousands of vacationing sun worshipers from Puerto Rico's luxury beaches today, after a Liberian tanker broke up at the mouth of San Juan harbor.

Some of the Ocean Eagle's 6 million gallons of oil washed up on the white sand in front of the Caribe Hilton Hotel Sunday night, and the slick drifted toward the other luxury hotels along the beach in the plush Condado area.

It was the second such mishap to a Liberian-flag tanker within a year. Last March 18, the 61,363-ton American-owned Torrey Canyon, five times as big as the Ocean Eagle, broke up on a reef off Britain's southwest coast and spilled millions of gallons of oil onto the beaches of southern England and France. The British government is suing the owners for \$8,156,000 to pay for the cleaning operation.

The U.S. Coast Guard sprayed emulsifying chemicals on oil from the Ocean Eagle drifting into San Juan harbor and reported "encouraging results." U.S. Navy tugs brought more chemicals for the oil threatening the tourist beaches three miles away, but officials said trying to cover the entire slick would be a tremendous task.

"I don't think anybody will be swimming," said Carlos Santiago, assistant manager of the Caribe Hilton.

Oil still poured from the two halves of the 12,065-ton tanker and the front half was blocking the harbor entrance. Tugs attempted to pull it out to sea where it could be sunk without endangering traffic but had to give up because "apparently it is hard aground," a spokesman said.

First Mate Pangiotis Michaelopoulos said the ship dropped anchor at the harbor entrance about 7 a.m. Sunday to take aboard a harbor pilot, suddenly it snapped in two just behind the main superstructure.

"I heard a loud noise," he said. "Then I saw oil pouring from the sides of the ship into the water. A few minutes later we gave the order to abandon ship."

The 35-man Greek crew was taken off without injury in about 20 minutes.

New Satellite Seeks Secrets Of 'Sun Spots'

CAPE KENNEDY, Fla. (AP) —

A research satellite that looks like a giant praying mantis today rocketed into orbit with a record number of experiments to make the most comprehensive study yet of how the sun influences the earth.

A 12-story-tall Atlas-Agena rocket blasted away from Cape Kennedy right on schedule at 8:06 a.m. EST, to propel OGO 5, the fifth Orbiting Geophysical Observatory, into space.

Eight minutes later the National Aeronautics and Space Administration reported the metal monster, still attached to the Agena second stage, was in an initial transfer orbit more than 100 miles above the earth.

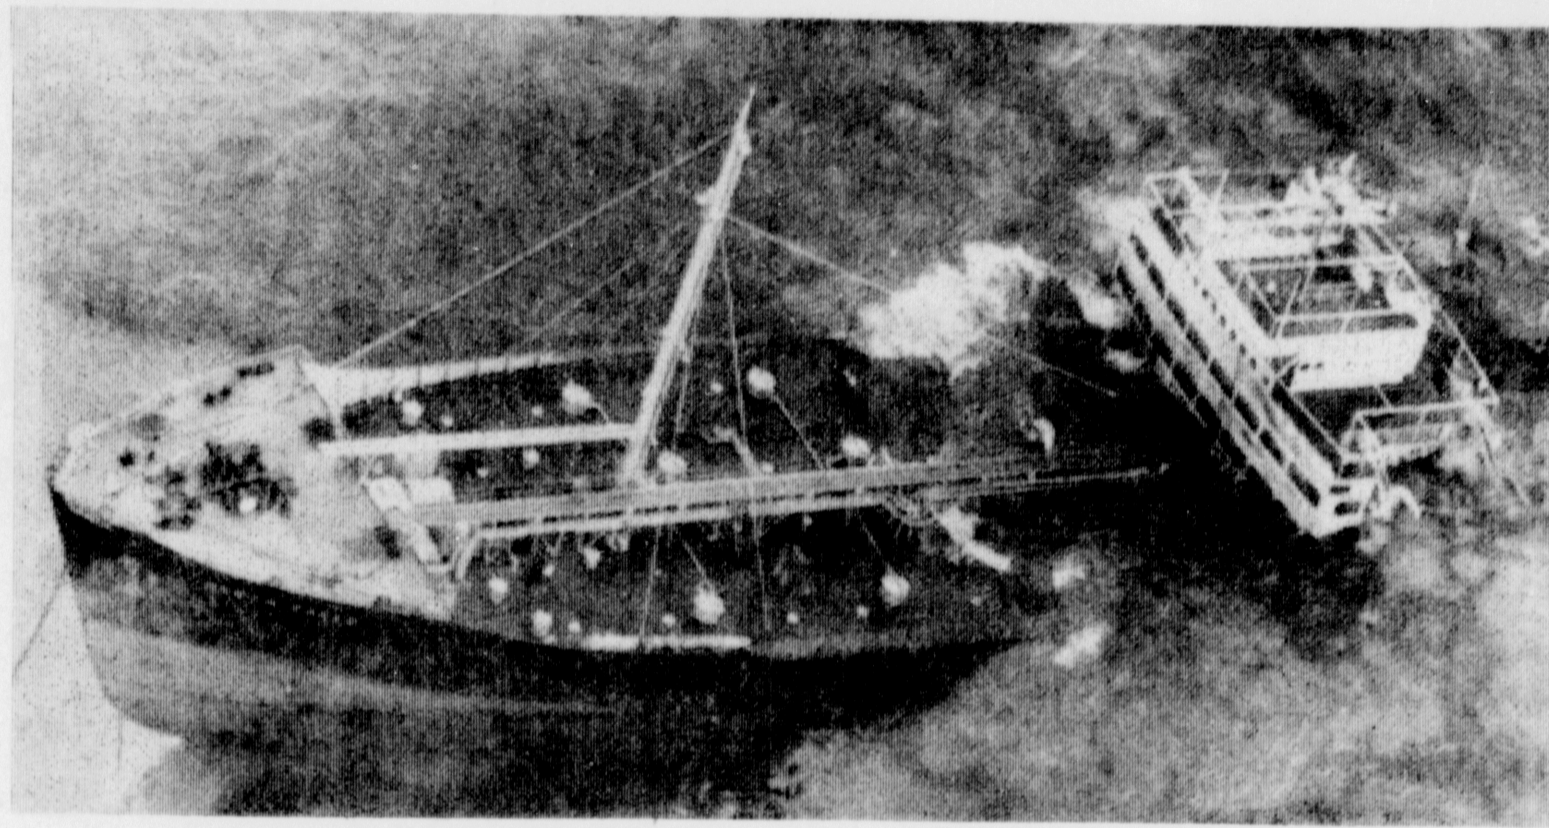

After nearly an hour coasting on this course, the Agena engines were to restart to push the payload into a great elliptical orbit ranging from about 175 to 92,000 miles high.

The satellite carries 25 scientific experiments, four more than on any previous U.S. satellite. They are intended to provide scientists with the best look yet at how thermonuclear flare eruptions on the sun affect our atmosphere, weather and communications.

Officials at NASA's Goddard Space Flight Center, which manages the project, are hopeful the OGO findings will help develop a foolproof means of predicting when large, dangerous flares will explode on the sun, spilling streams of radiation into the solar system.

Such a forecasting system would permit scheduling of man-in-space flights around particularly hazardous periods and would lead to improved communications and weather prediction systems.

With its booms, solar panels, appendages and antennae, OGO 5 resembles a huge flying insect. It weighs 1,347 pounds, is 57 feet long and has a wingspan of 20 feet. It has scores of sensors "eyes" to peer deep into space to observe such things as radiation, magnetic fields, cosmic rays, electric fields—and even puzzling radio noises coming from the vicinity of the planet Jupiter.

THE BOW SECTION of the Liberian tanker Ocean Eagle rides at anchor at the channel entrance to the San Juan harbor today after it broke in two. The stern section drifted

onto a nearby sand bar. Oil from its nearly 6 million gallons on board blackens the water around the ship. (AP Wirephoto)

48 Yanks Die; 28 Wounded In Red Trap Near Saigon

SAIGON (AP) — U.S. Marines and air cavalrymen smashed into Communist troops Sunday in a series of battles in the northern sector of South Vietnam and reported killing nearly 300 of the enemy. U.S. losses were light, military spokesmen said.

Other U.S. troops suffered heavy losses in an ambush nine miles north of Saigon. The U.S. Command said a force of 200 Communists killed 48 Americans and wounded 28, most of them in the first eight minutes of the machine-gun attack.

Communist forces sent hundreds of rockets and mortars slamming into six allied air bases, two U.S. command posts, and at least four other installations today in the heaviest series of shelling in a little more than two weeks.

The U.S. command said that generally "damage was light or insignificant and casualties were very light" at the military bases. But one Viet Cong mortar attack on the town of Duc Duc, just below Da Nang, burned 150 houses to the ground, killed 20 civilians and wounded another, South Vietnamese military headquarters said.

Raid Storage Areas

U.S. pilots flew 68 missions against North Vietnam Sunday, many of them radar guided because of the overcast spawned by the continuing northeast monsoons. The major strike of the day was an attack by Navy A6 Intruders from the carrier Enterprise on an 11-acre cargo transfer and storage complex on the Red River only 1.8 miles southeast of the center of Hanoi. It was the second attack on that target in three days.

In the central highlands near Kontum, Communist forces overran a hospital run by an American woman, Dr. Patricia Smith of Seattle, Wash. Incomplete reports indicated that Dr. Smith had escaped and an unidentified German nurse had been kidnapped. U.S. officials in Saigon assumed that four other foreigners at the hospital—two American nurses, a Danish nurse, and another German

nurse—also escaped because the reports did not mention them.

Marines Score At DMZ

The American Marines scored a one-sided victory along the eastern side of the demilitarized zone just to the northeast of the allied strongpoint at Con Thine. The Marines reported killing 157 North Vietnamese soldiers in fighting that raged into Sunday night.

Senate Votes To Cut Off 'Rights' Debate

WASHINGTON (AP) — The Senate clamped a cut-off today on further debate on a compromise civil rights protection and open housing bill.

The vote was 65 to 32, a bare two-thirds majority.

The vote appeared to assure Senate passage of the administration-backed measure. It had been hovering on the brink of defeat after the failure of three earlier debate-limiting cloture moves.

From now on each senator will be limited to one hour's speaking time on the compromise bill and the scores of proposed amendments.

Senate Majority Leader Mike Mansfield indicated to newsmen before the vote that if cloture failed he felt it would be futile to continue debate on this bill.

But he said that "if something

unusual comes up, I'd give it consideration." However, he said he knows of no further compromise moves.

A weekend report by the President's Advisory Commission on Civil Disorders, calling for passage of legislation banning discrimination in the sale or rental of any U.S. housing, lent added significance to the Senate action.

Despite Mansfield's warning he might move to put the legislation aside if cloture once more is rejected, backers of the civil rights measure expressed hope it might be kept alive.

Sen. Philip A. Hart, D-Mich., floor manager of the bill, said: "If we continue to pick up strength, I'd hope the Senate would not be asked to put aside a bill of such critical importance."

The North Vietnamese kept up their daily shelling of the Marine base at Khe Sanh, at the western end of the DMZ. About 100 rounds of artillery and rockets were fired into the fortress Sunday, but casualties were reported light. And U.S. B52 bombers continued their daily raids on the enemy gun positions, troops concentrations and bunkers ringing Khe Sanh.

The Communist ambush just north of Saigon occurred Saturday morning as a company from the U.S. 25th Infantry Division—normally 178 men—was reconnoitering a key highway.

After the enemy opened up, more 25th Division companies were rushed to the scene, while U.S. fighter-bombers and helicopter gunships attacked the Communist positions.

The fighting died out at nightfall, and military spokesmen reported 20 Communist bodies were found later. Announcement of the U.S. reverse was held up for 24 hours.

Today's Chuckle

Today is the tomorrow you worried about yesterday. Now you know why.

Pair Held For Station Killings

GRAND RAPIDS (AP) — A boy and a girl were held by authorities today in connection with the slayings of two service station attendants.

Charles Martin, 20, originally from Sharon, Pa., but recently of Grand Rapids, was charged and arraigned on two counts of murder, then was jailed without bond. His examination is set for Friday.

Sandy Goachee, 13, of Grand Rapids, was turned over to youth authorities, who said she was a ward of the Grand Rapids Juvenile Court but had lived with her parents in Grand Rapids. She will be charged as juvenile delinquent, authorities said.

Indiana State Police arrested the two near LaPorte, Ind.

The attendants, Gerald Gort, 59, and Jack McRoy, 18, both were shot at close range by a .44-magnum rifle. Walker Police Chief Joseph T. Bancevich said.

At the arraignment Saturday, Martin told Municipal Judge Louis Simhauser of Grand Rapids that he was guilty on both counts of murder. Simhauser said he wasn't authorized to accept a plea. He ordered Martin bound over to Kent County Circuit Court for trial.

Riot City Mayors Press Congress For Costly Cure

WASHINGTON (AP) — Members of the President's Commission on Civil Disorders are joining big-city mayors in pressuring a cost-wary Congress to take prompt, multibillion-dollar steps toward solving the nation's racial crisis.

Four commission members and a half-dozen mayors appeared on nationwide radio-television broadcasts Sunday and urged what one mayor termed "an infusion of billions of dollars to correct" conditions that spawned last summer's riots.

The panel's landmark report became involved as well in the campaign for the Democratic presidential nomination. Sen. Eugene J. McCarthy of Minnesota cited it in a New Hampshire speech as he criticized the Johnson administration's priorities.

The commission made public during the weekend its 250,000-word analysis of last year's urban violence. Like the 12,000-word summary released two days earlier, the mammoth document was almost silent on how to meet the costs of the proposed programs, suggesting only that higher taxes may be necessary.

Key members of Congress, already caught in the fiscal crunch caused by the Vietnam war, are openly dubious about financing the commission's sweeping employment, education, housing and welfare programs.

Chairman George H. Mahon, D-Tex., of the House Appropriations Committee which must approve all money measures, said the panel's proposals could cost hundreds of billions of dollars. This, Mahon declared, makes them "wholly unrealistic."

Mayor John V. Lindsay of New York, vice chairman of the 11-member commission, acknowledged the recommendations

"will be costly" to implement but said "the country has got to make up its mind, and the Congress must make up its mind, that the cost figure is relatively unimportant in terms of what we have to do in order to save this country from the possibility of chaos."

"Congress must lead and the country must push Congress," Lindsay said. "Both must happen and unless it happens we're in for trouble."

In a move to generate this public push, commission members plan scores of appearances across the nation in the months ahead.

After the panel approved the report, Sen. Edward W. Brooke, R-Mass., told newsmen he and other members have committed themselves to traveling around the country "to give wide dissemination of our views and to do all we can for the implementation of the recommendations."

2,200 On Construction

Bethlehem started construction of its Burns Harbor plant

Phase 2 at Burns Harbor calls for hot metal facilities that will enable the plant to produce its own slabs. This program includes construction of a blast furnace, two basic oxygen furnaces, a coke oven battery, power complex and the slabbing mill itself. The steelmaking facilities are designed to give the plant an initial annual capacity of 1.8 million ingot tons.

The new construction also includes shipping and docking facilities to handle deep-draft vessels.

About 550 acres of Bethlehem's 3,300-acre tract at Burns Harbor were graded for the first phase of construction, which produced 40 buildings covering 78 acres. Forty-four additional buildings are going up for Phase 2 and another 1,000 acres of land are being utilized, with need for 200,000 tons of structural steel and over a million cubic yards of concrete. An additional 16 miles of roads and 20 miles of railroad track will double the plant's transportation network.

Conveyor To Furnace

Site preparation has started for the largest blast furnace in the Western Hemisphere, with an initial production of 4,000 tons of iron a day. Excavation for the furnace, which will tower 278 feet in the air, is to begin this month. The furnace, with four stoves heating the hot blast air to 2,000 degrees Fahrenheit, will have a conveyor belt charging system replacing the traditional skip hoist, the first such installation in the United States.

Excavation and foundation work for the new power complex is also under way.

Indiana Steel Complex Gets Source Of Flux

BY JEAN WORTH

Bethlehem Steel Corp. announces that it has acquired ownership or control of about 12,000 acres of limestone lands in the Pt. Patterson area of Mackinac and Schoolcraft counties to add a potential fourth major quarry development on the Upper Peninsula's shoreline on Lakes Michigan and Huron.

The acquisitions add Bethlehem to the list of steel and stone company owners of U. P. limestone and dolomite deposits used for steel making and other purposes, which includes: Inland Steel's Inland Lime & Stone Co. Division at Port Inland near Gulliver; U. S. Steel Corp's limestone quarry at Cedarville in Mackinac County and Drummond Dolomite's quarry on Drummond Island.

Bethlehem's acquisition of stone deposits in the Upper Peninsula takes on special economic significance because of its movement into steelmaking in the mid-west with a huge steel making complex at Burns Harbor, Indiana. Bethlehem Pt. Patterson stone may go to Burns Harbor when Bethlehem begins smelting there.

Lands Purchased

M. D. Post, manager of press relations for Bethlehem at its Bethlehem, Penn., headquarters reports: "Bethlehem Steel Corp. holds what amounts to options on approximately 12,000 acres of potential limestone property in Mackinac and Schoolcraft counties in Michigan. Some core drilling and other exploratory work was conducted on these properties in 1966, and a similar program was scheduled for 1967."

"Beyond this exploratory activity, Bethlehem has no specific plan for the development of these properties."

Stewart E. Earle of Hermansville, the owner of Blaney Park Resort, reserved part of that huge property when he sold the resort core properties to Howell Realty, Inc., and part of his reservation, which has also acquired other properties and options or leases on state-owned lands in the area.

Earle said that Bethlehem had purchased 4,400 acres of land from him but had turned down his offer of "7 or 8 other sections" of lands in the area after exploratory drilling. (A section of land is a square mile, 640 acres.)

The Bethlehem property near Pt. Patterson is 10 miles east of Inland Steel's Port Inland quarry, stone processing plant and harbor near Gulliver. Inland's holding of stone lands there totals 12,000 acres. It is 300 miles from Port Inland to Inland's steel works at East Chicago, Ind., or 19 hours by lake carrier.

Development of the Pt. Patterson quarry by Bethlehem would give it the same proximity and delivery time to its huge steel complex now under construction at Burns Harbor, which is 35 miles east of Chicago at the foot of Lake Michigan, where Bethlehem plans to start up a fully integrated facility in 1970, producing its own steel from raw materials shipped in through the new Port of Indiana, Burns Harbor Waterway.

Johnson Asking Non-Stop Talks On Copper Pact

WASHINGTON (AP) — President Johnson bids today to generate around-the-clock negotiations aimed at ending a 7½-month-old copper strike he has said could hurt the U.S. defense effort.

Johnson summoned leaders of the 26 unions and four major copper producers involved in the prolonged strike to a late-afternoon White House meeting.

"I shall request the parties to resume collective bargaining negotiations on an around-the-clock basis with the assistance of the secretaries of defense, labor and commerce," the President said Friday in calling the meeting.

Saying there is "no foreseeable prospect" that the companies and unions might otherwise settle their differences soon, Johnson warned the strike could "begin to have a substantial effect on our defense effort."

Some 50,000 workers in 22 states are striking four major

producers: Kennecott, American Smelting & Refining, Anaconda and Phelps Dodge.

Stalemate on the issue is a union demand for companywide bargaining—a demand the companies have refused even to discuss.

The unions want to make each company deal simultaneously with all unions representing its workers at all its facilities in several states, with a common contract expiration date for all unions.

Wages and fringe benefits also are at issue, with the strikers seeking a package similar to the \$1.07 an hour recently granted by U.S. Metals Refining Co., Carteret, N.J., when it settled with its striking workers.

Wages at the four major firms range from \$2.66 to \$3.67 an hour.

White House-sponsored bargaining sessions have led to settlement of recent strikes in such key industries as steel, railroads and airlines.

PREPARATIONS FOR A community-wide Chapter meeting of Franciscan Sisters of Christian Charity were discussed at a meeting at St. Anne's Church in Escanaba Saturday. Pictured (from left) are Sister Andrea, Principal of St. Anne's, hosting the group; Father Stephen Mayrand, pastor of St. Anne's; Sister Emerita, Regional Superior, Green Bay; Sister Thoma, Rhineland; Sister Roberta, Petoskey; Sister Luanne, Green Bay, chairmen of committees representing various phases of religious life. Choruses Start Rehearsals For 'My Fair Lady'

The Players de Noc musical production of "My Fair Lady" has been in rehearsal for one week and starting Tuesday rehearsals for all the choruses in the production will begin. Tuesday evening at 6:30 is the first rehearsal of the Cockney quartet consisting of Lowell Sundstrom, Marvin Johnson, Edward McCarthy and Donald Hirn. The quartet sings the famous "Wouldn't It Be Lovely."

The Servants Chorus includes Mrs. Marilyn Neiman, Mrs. Julie Carlson, Mrs. Mary Ryno, Mrs. Mary Lee DeGrand, Harold Olson, Kenneth Benson and Mrs. Helen Moore as Mrs. Pearce. They will begin rehearsals at 7:30 that evening.

The mixed chorus in the production includes: Sopranos: Mesdames Julie Carlson, Rose Coplan, Sandra Dahlquist, Louise Diedrich, LaVerne Douck, Mary Jo Hade, Lou Hemes, Joy Moran, Marilyn Neiman, Mary Snyder, Lorraine Srock, Miss Chris Hirn and Miss Carol Paulsen; Altos: Mesdames Maryann Cerasoli, Mary Lee DeGrand, Mary Lark, Patricia McCarthy, Susan McNeely, Beverly Moraco, Susan Olson, Coralie Puglisi, Mary Ryno, Miss Jennifer Brigham and Miss Joan Rinehart.

Tenors: Peter Adamini, Marvin Johnson, Edward O'Leary, Harold Olson, Richard Puglisi, Richard Schmeltzer, Lloyd Servant, Lowell Sundstrom and Michael Yvenger; Basses: Kenneth Benson, Earl Delforge, Jerry Erickson, George Franz, Donald Hirn, Edward McCarthy, Richard Marenger and Calvin Rose.

Two of the chorus' songs will be the well-known "With A Little Bit of Luck" and "I'm Gettin' Married in the Morning," both of which are sung with Alfred Doolittle, played by Kenneth Thompson, and Ed O'Leary and Brian Wood as Jamie and Harry. The men of the above group will join part of the cast singing in the male chorus.

A chorus of 22 which will begin rehearsals Thursday at 6:30 was chosen to sing "My Fair Lady's" famous "Ascot Gavotte" race scene. This group includes: Mesdames Julie Carlson, Rose Coplan, Marilyn Hemes, Joy Moran, Marilyn Neiman, Miss Carol Paulsen, Mesdames Mary Snyder, Mary Lee DeGrand, Mary Lark, Patricia McCarthy, Coralie Puglisi, Mary Ryno, Men: Harold Olson, Richard Puglisi, Lloyd Servant, Robert Schrader, Jerry Erickson, Kenneth Benson, Peter Adamini, Donald Hirn, Edward McCarthy and Calvin Rose.

The orchestra for "My Fair Lady" consists of the Escanaba String Ensemble, band and choral directors from the area and members of the Escanaba Area High School Concert Band. They will begin rehearsals Thursday evening at 7:45 in the High School Band room. "My Fair Lady" will be produced April 22, 23, 25, 26, and 27 and is directed by John A. Romstad and Mrs. Marie K. Peterson.

J. Greenlund, 29 Dies In Chicago

James John Greenlund, 29, of Elgin, Ill. was dead on arrival at Cook County Hospital in Chicago on Sunday, March 3. He was born July 4, 1938 in Chicago and was a 1956 graduate of Rapid River High School.

Mr. Greenlund was employed as a cement finisher and served with the U.S. Marine Corps from 1957 to 1960.

He is survived by his parents, Mr. and Mrs. John Greenlund of Rapid River; two brothers, Charles of Rockford, Ill. and Robert of Rapid River; three sisters, Linda of Grand Rapids, Lois, Detroit and Laurel of Rapid River; and his grandfather, Waldemar Anderson of Ensign.

Friends may call from 4 to 9 p.m. Tuesday at the Anderson-Johns Funeral Home in Gladstone and the body will be removed to the Calvary Lutheran Church in Rapid River at 10 a.m. Wednesday where services will be conducted at 11 a.m. The Rev. George Olson will officiate and burial will be in the Rapid River Cemetery.

'Molly Brown' Wins Ovation

A standing ovation at the second night performance Sunday of "The Unsinkable Molly Brown" by the Holy Name High School Players is proof that the musical has romped, sung, and danced its way into the hearts of the audience.

Molly Brown, who lacked the savoir faire of the Denver elite, is double cast with Patty Ann Peck and Toni Erickson, both of whom portrayed Molly as a bouncing and irresistible character. Miss Erickson's performance had the added detail of gusto, while Miss Peck approached the character with a firm femininity.

Daniel Snow gives a refined interpretation of John Brown in contrast to the rough-and-ready treatment presented by Greg Gerou. All singing leads, male and female, had a voice quality that was surprisingly good.

The beautiful people of Denver, glittering with jewels and suavity, sang with an "almost-professional-like" quality despite the crowding of many people into small areas. The miners, bar girls, townspeople, and Monte Carlo actors sang and danced with a romping and carefree abandon, thus moving the play along at a rapid pace. At times, however, their obvious enjoyment with themselves tended to upstage the action of the lead characters.

The 10 different stage settings and the 24 scene changes were dispatched with ease and

presented a colorful and creative background for the cast members who were costumed, beribboned, and befettered with a distinctive flair.

Contrasted with the urbanity of the Denver elite, the "nose-in-the-air" portrayal of the European royalty in the second act demonstrated the ability of the students to enter into their parts and present a realistic picture of culture versus pseudo-culture.

A limited number of tickets still are available for performances today and Tuesday. They may be obtained by calling ST 6-7550.

"The Unsinkable Molly Brown," produced by Brother Christopher with musical scores by Mrs. Donald LeMire and choreography by Mrs. LeCaptain, is a play you will not soon forget. Curtain time is 8 p.m.—Sister M. Henriette Lechner.

Food Stamps

ENGADINE — The Department of Social Services announces it will sell food stamps at the Engadine Fire Hall the first and third Tuesdays of each month. Hours are from 9 a.m. to noon. Only Mackinac County residents may apply and persons not currently certified to buy the stamps must bring in proof of income and proof of county residence to determine eligibility.

Middle East Peace Prospect Is ETV Topic

MARQUETTE — The first of two documentaries on the plight of the migrant worker will be presented at 8 tonight on WNMN-TV, Northern Michigan University's educational television station.

At 8 p.m. Tuesday, "The Creative Person" focuses on the life and work of Mrs. Welthy Fisher, an American educator who returned to India at the age of 72 to found a literacy training center.

Senator Jacob Javits joins Harry Howard, professor of Middle East Studies at American University, for a discussion on the possibility of peace in the Middle East at 8:30 p.m. Tuesday.

A program dealing with the correction and prevention of speech and hearing disorders at 8:30 p.m. Wednesday.

Two one-act plays by three-time Pulitzer Prize winner Thornton Wilder are scheduled at 9 p.m. Friday.

Luther Home Joins Group

MARINETTE — Luther Home of Marinette has joined the American Association of Homes for the Aging, announced Rev. C. G. Shalkhauser, administrator.

The American Association of Homes for the Aging is the national organization of non-profit, voluntary and government institutions for elderly people.

Luther Home has served the northland area of Wisconsin and Upper Michigan for 50 years. The Home is licensed by Wisconsin as a skilled nursing care facility and participates in the Medicaid program. Over 70 persons comprise the staff of the home.

Youngster Drowns

UNION LAKE (AP) — Oakland County Sheriff's Department skindivers have recovered the body of Bobby Edward Myre, 5, of Union Lake, who fell through the ice on a pond in nearby White Lake Township. The boy drowned in about seven feet of water Saturday.

LaBranche Heads Cancer Crusade; Goal Is \$8,700

John LaBranche, Escanaba, will head the 1968 Delta County Cancer Crusade, it was announced today by Ralph Kaziatek, president of the local unit.

April is Cancer Crusade month and the Delta County fund goal is \$8,700.

Funds contributed to the Cancer Society are used to finance programs of service to cancer patients, for education to bring public awareness of the need

Commerce and the Escanaba Country Club.

He is president and a past treasurer of the Escanaba Jaycees, member of the Optimists Club, and was active in work for the Delta United Services in its past two campaigns and aided the recent March of Dimes drive. He is an associate member of the Michigan Funeral Directors Association.

Mr. and Mrs. LaBranche (she is the former Estelle Furo of Escanaba) and their children reside at 400 S. 10th St.

Zoning Change, Other Business Before Council

The Escanaba City Council will meet at 8 p.m. Thursday in the City Hall to consider a number of items of business, including proposed amendments to the travel trailer ordinance.

It is proposed to eliminate the permit fee, and to change the wording in a penalty clause. After first reading the Council will set a date for public hearing and adoption.

Other business includes: Opening of bids for gravel; authorization of a change order for the airport terminal project; consideration of supporting a Senate Bill which would require uniform Assessments of ad valorem taxes on conservation owned lands; and consideration of a request from the Players de Noc for a parcel of land on which to centralize their activities.

The Council will give consideration to two recommendations of the Planning Commission: To amend the zoning ordinance on five acres of land west of the Area High School to permit an apartment building; and approval of a preliminary plat for a residential development by Parkway Estates.

John LaBranche

for early detection and treatment of cancer, and for research with the ultimate objective of conquering cancer.

LaBranche is an associate of the Alto Funeral Home of Escanaba with his father, Alfred LaBranche, and with E. B. Harvey.

He is active in civic and area service groups and organizations, including the Knights of Eagles Club, he is a Past Counselor of the United Commercial Travelers, and Esquire of the Elks Lodge, a member of Amvets Post 123, Chamber of

BETHANY LUTHERAN CHURCH Senior Citizens Retirement Center held dedication service for two of the units at ceremonies held on Sunday. Presentation of the keys to Walter Lawke, chairman of the building committee, is pictured, with (from left) the Rev. Harry S. Anderson, assistant to the president of the Wisconsin-Upper Michigan Synod; the Rev. Walfrid E. Nelson, pastor; Donald Nyquist, Chairman Lake and Phillip Cochrane of the building committee. (Daily Press Photo)

AN OPEN HOUSE followed the dedication service, which was in memory of Mr. and Mrs. Helmer O. Ekberg, Atty. Ekberg, a native of Escanaba, had made substantial bequests to aid in financing the Retirement Center. A part of the ceremony included the placing of a memorial plaque on the front of the units which provide housing for senior citizens. (Daily Press Photo)

Car Hits Porch, Woman Injured

A Milwaukee woman remained in St. Francis Hospital today after being injured in a traffic accident about 1:30 a. m. Saturday.

State Police said Florence Kennedy, 74, was a passenger in a car which ran off U.S. 2 and 41 in Brampton Township and struck the front porch of the James Sinclair home, Kipling.

The driver of the car, Frank C. Strzok, 45, his wife, Eleanor, 37, and their son, Ronald, 9, suffered slight injuries, officers said.

State Police also reported that blowing snow on County Rd. 529 in Maple Ridge Township contributed to the cause of two accidents Saturday.

Officers said a snowplow driven by Gerald F. Bazinet, 36, of Rock, struck a vehicle driven by Lee R. Wiles, 37, of 1900 Ludington St. about 2 p. m. Wiles had stopped on the shoulder of the road because of poor visibility. He was slightly injured, police said.

Fifteen minutes later, a county pickup truck which had been parked at the accident by August L. Larson, 57, of Rock, was struck by a car driven by Walter W. Trudell, 35, Perkins, troopers reported.

Donald LaMarche, 18, of Rte. 1, Escanaba, was ticketed for careless driving by State Police after he lost control of his car and ran onto the lawn of the John Kobasic residence, Rte. 1, Escanaba, at 10:15 p.m. Saturday.

Troopers also issued the following traffic summonses: Jim H. Shoppe, Gladstone, driving while license revoked; James V. Rajala, Rock, speeding; Jack C. Lehman, 1315 N. 18th St., failure to transfer registration; Dorian J. Brandt, Rte. 1, Escanaba, speeding; Monroe M. Knutsen 524 N. 18th St., improper overtaking and passing; Richard F. Stier, 807 1st Ave., S., no operator's license; John C. Burkhart, Gladwin, speeding; Joseph J. Dambrosio, Gwinn, speeding and no operator's license, and Allan R. Lanaville, Rte. 1, Wilson, speeding.

Hospital

Walter T. Nelson, 1516 17th Ave. S., is a patient at the Veteran's Administration Hospital, Iron Mountain.

Briefly Told

The diabetic and hearing screening services will be held at the Health Department offices, Delta County Building, from March 4 to 8. The service is free to the public.

A special meeting of the Escanaba Planning Commission will be held at 4 p.m. Tuesday in the City Hall, when a request of Phil & Lee's for a mobile home site on city property will be considered.

Allen Lundberg Jr. of Ensign was among a group of persons who completed a Civil Defense Training course and were presented with certificates at Bay de Noc Community College. The presentation was made by Fred Gravelle Jr. on Feb. 29.

Registration of all high school students and adults for third semester religion classes at Holy Name High School will be held at the high school at 7 p.m. Wednesday. High school students must register for elective courses at this time.

Mrs. Melissa Camps of 204 N. 20th St., Escanaba, passenger in a car driven by Elizabeth Ann Hjort, 204 N. 20th St., suffered minor injuries when the Hjort car struck a parked auto owned by Marion D. Farrell, 611 S. 14th St. The accident occurred in the 600 block, S. 14th St., at 8:49 p.m. Saturday. Police issued a summons to Mrs. Hjort for improper lane usage.

Escanaba police have issued traffic court notices to John H. Benette, Escanaba Rte. 1, allowing an unlicensed person to drive; Mary Beth Tanguay, 827 N. 18th St., failing to yield the right of way; Bruce G. Pepin, 2001 Ludington St., Rita Rae Brown, Bay View Location, Arthur A. Henrickson, 220 N. Court St., Gladstone, John W. Seppanen, Bay View Location, and Lucille M. Beauchamp, 927 Sheridan Road, all for speeding.

Escanaba High School Class of 1938 reunion committee would like to acquire the addresses of the following class members: Ethel Burnard Castle, Donald J. Boucher, Rinda Cunningham, Edmund Penning, Signe Hadberg Sues, Dorothy Todd Arso, Abie Jerome, Ruth Stafford Beck, Jeannette Doucette Moran, Vivian Anderson Tibares, Mary Chynoweth Gilvix, Beatrice Morton Holmes. Anyone having this information is to call De-light Lippold, 786-0655 evening or Elaine VanEffen, 786-6588.

Milk of the Jersey cow contains the highest butterfat content of any breed of cattle.

Board Of Review Begins Sessions

The Escanaba Board of Review will meet in organization session Tuesday, and on Tuesday and Wednesday will review with City Assessor Charles Schmidt the city assessment rolls.

Public meetings of the Board of Review will be held Monday and Tuesday, March 11-12, from 9 a.m. to noon and 1 to 5 p.m., in the City Hall. Individual property owners may come before the Board at that time.

The Board of Review members are Frank Bourke, Roy Jensen, Matt Smith, Mayor Harold Vanlerberghe and City Assessor Schmidt.

Malta recently proposed in the United Nations that the ocean bottoms be internationalized.

NOTICE OF MEETING of BOARD OF REVIEW

The Board of Review for the City of Escanaba, Michigan, will be in session in the council chambers in the city hall in said city.

MONDAY, MARCH 11, AND TUESDAY, MARCH 12, 1968

from 9:00 A. M. to 12:00 noon and from 1:30 P. M. to 5:00 P. M. C.S.T.

Any person or persons who desire may examine his or her or their assessment, and may show cause, if any exists, why the valuation thereof should be changed, and said Board shall decide the same.

The Boom's Over

The Johnson Administration keeps talking about how well the national economy is doing and personal income mounts steadily, but Americans must know by now that the well has been seriously poisoned by inflation.

The edginess that it creates is noticeable in labor-industry relations. Unions are taking increasing notice of failure of wage increases to satisfy workers, because workers find that they're no better off in purchasing power than they were before they got the boosts, or even worse off!

There has, of course, been a gain in shortened work time and increased pension and health insurance benefits, but the boom is over for most workers and has been since 1965. Their paychecks' buying power has been shrinking since then.

The AFL-CIO executive council in Miami this week demanded a \$2 minimum wage and refused to support President Johnson's recent request for voluntary wage restraints this year, but labor leaders must sometime face the fact that the wage-cost spiral is cheating workers of the benefits indicated by their larger pay checks.

The value of wages is not set only by their size, but also by what they can buy. The forces pressuring for ever higher pay to cope with an increasing cost of living (inflation) are pouring oil on the fire.

The Administration continues to boast about the continuing rise in the nation's overall economy, but these are figures inflated by rising prices. There's a lot of money in circulation, but it's buying less.

The average weekly purchasing power of nonsupervisory workers (expressed in 1957-59 prices with income and social security taxes taken out) was \$71.48 in 1961. It rose to a high of \$78.53 in 1965 and then skidded. It was \$78.29 in 1966 and \$78.23 in 1967.

Some trades were able to get so much more pay that they beat the averages. Construction trades did it. But retail and wholesale workers had a shrinkage and so did factory workers and miners.

And the losses would appear more severe if they took into account the increasing state and local sales and property taxes, which have grown by the billions.

Government has always been strongly influential in the economy with its control of money and credit, but it has never been as forceful in the past as it is now. The national administrations make political capital of the state of the economy. Franklin Delano Roosevelt came to power with the help of poison pen Charlie Michelson, who hung the depression from Herbert Hoover's neck like an albatross.

President Kennedy tried hard to hold the economy on a level keel with muscle methods, cracking U. S. Steel in the shins for raising prices and having Attorney General Bobby Kennedy making threatening noises to anyone who raised prices. But when big government couldn't control big labor it couldn't control the economy.

What's happening is another reminder that when economic laws are violated, there's the devil to pay. If government violates them — and it is a great offender in its quest for political popularity — the results are just as certain and apt to be even more hurtful because government will try to ameliorate financial trouble with rescue spending.

Americans can reduce inflation and save themselves from its economic poison. First they must recognize the facts of economic life. And second they must accept them.

The fact is that prices are high for a definite and simple reason and no political party is going to do much about it until the public demands action because it's hurting.

We mustn't confuse the result of inflation — increased prices — with the cause — increased supply of money. The government has contributed to inflation since 1933 when it announced a policy of stimulating prices. This can be done by making goods scarce or by deficit spending, which latter method was used to create new, unearned money through the banking system and add it to the money already in circulation.

People also contribute to inflation by borrowing. Higher prices don't cause the issuance of this money; it's the other way around; this money causes higher prices.

Prices also rise when wages and salaries rise because if we get paid more for production we have to pay more for the products. This is the wage-price inflation that follows government inflation. Any substantial increase in wages without a corresponding increase in productivity forces prices up. This is why the Kennedy and Johnson administrations tried to hold the line over pay increases greater than the productivity increase. The unions wouldn't buy it. They got raises in excess of productivity increase and inflation was advanced.

We have pumped billions of dollars of stage money into the economy and tried to avoid the inevitable consequences of its presence. We have done a cruel injury to the 30 million persons trying to live on pensions and annuities, to all those on fixed incomes, and the owners of savings accounts, life insurance and federal savings bonds. We have raised prices for everyone by increasing and cheapening money and millions can't increase their incomes to match the trend. They must try to curb inflation by tightening their belts.

We have pumped billions of dollars of stage money into the economy and tried to avoid the inevitable consequences of its presence. We have done a cruel injury to the 30 million persons trying to live on pensions and annuities, to all those on fixed incomes, and the owners of savings accounts, life insurance and federal savings bonds. We have raised prices for everyone by increasing and cheapening money and millions can't increase their incomes to match the trend. They must try to curb inflation by tightening their belts.

People, Events Of Yesteryears

25 Years Ago

The Escanaba Eskimos basketball team rung up its 12th victory of the season by defeating Kingsford, 47-27. The Escanaba team will wind up its regular season schedule here next Friday, when they meet Gladstone. The area tournaments will open at Escanaba the following week.

50 Years Ago

The Escanaba High School was recently presented a large service flag. It had seventy-and \$284,500 to the Wayne State three stars, to represent the University School of Medicine.

Health Grants

WASHINGTON (AP) — Four Michigan universities have been awarded Public Health Service grants to improve the quality of their educational programs. Grants include \$180,000 to the University of Detroit School of Dentistry, \$427,500 to the University of Michigan School of Medicine, \$211,500 to the U-M School of Dentistry, \$64,000 to the Michigan State University College of Human Medicine, service flag. It had seventy-and \$284,500 to the Wayne State three stars, to represent the University School of Medicine.

Soviets Hunt Sign Of Isolation Trend

By RAY CROMLEY

WASHINGTON (NEA) — State Department and Pentagon strategists are worried by growing signs that Soviet leaders believe the United States will gradually cut its foreign commitments and move toward isolationist policy after the Vietnam war.

These strategists fear this Kremlin belief will lead to Soviet belief that the United States is a weaker power than it is. They fear this will lead to a greater U. S. reluctance to get mixed up in future Vietnam, Korea and Middle East wars. The Soviet thinking apparently is that the United States will step in more gingerly or not at all. Therefore the Soviet Union will be able to move with greater freedom in subverting governments and in expanding its spheres of influence.

The thinking here, nevertheless, is that the Soviet leaders will move cautiously. They will not be certain their conclusions are correct. They will be prepared to draw back if the United States reacts strongly. American analysts interviewed see no indications the Soviet Union wants a showdown with the United States that could lead to nuclear war.

The men in the Kremlin now apparently see signs that a considerable number of prominent Americans have begun to question strongly the wisdom of widespread U. S. foreign commitments. This movement has been especially noticeable in the U. S. Senate.

In part, these moves toward isolation are a reaction to the feeling of futility that comes over some senators when they think about Vietnam.

Heightening their reaction is the cynicism generated by

Radioactive Snow Collected From B52 Crash Site

WASHINGTON (AP) — The Pentagon says snow which was contaminated when a B52 bomber carrying four hydrogen bombs crashed will be removed from an area near Thule, Greenland, and shipped to this country for disposal.

It's "a matter of good housekeeping," said Air Force Maj. Gen. Richard O. Hunziker, who is in charge of the operation, Project Charged Ice.

The Defense Department, in response to questions by The Associated Press, announced that Denmark, which governs Greenland, is cooperating in the project.

The radioactive snow at the crash site is on a frozen bay off the Greenland coast where the bomber crashed Jan. 22. The crew survived.

The snow will be stored at nearby Thule Air Base in sealed metal containers, and after the bay thaws, will be shipped to this country. By that time, of course, the cargo will be water.

Crime Fight Tips

LANSING (AP) — The Michigan Council on Crime and Delinquency is making available copies of a new booklet of tips on fighting the invasion of organized crime into legitimate business. The booklet, "Will Your Business Be Next?" was prepared by the National Emergency Council.

Science Fair At NMU On Apr. 6

MARQUETTE — The 14th annual Northern Michigan Science Fair will be held at Northern Michigan University Saturday, April 6.

The fair is designed to give Upper Peninsula boys and girls in grades seven through 12 opportunity to display their latest achievements in science.

One student will be awarded an all-expenses paid trip to compete in the International Science Fair at Detroit May 15-18. Other awards include a week cruise aboard a naval vessel, a set of encyclopedia, and a set of reference books.

Deadline for entries is March 25. No group or class projects will be accepted. Information and entry blanks may be obtained from George Tomasi, conference director, NMU, Marquette.

Mock Convention

ANN ARBOR (AP) — Rep. Donald W. Riegle Jr., R-Mich., will deliver the keynote speech at a mock GOP national convention of students March 16-17 at the University of Michigan.

Letters To The Press

Contributions are welcome. They cannot be over 300 words and must be signed with name, address and phone number of writer and names will be used. The right to condense letters is reserved.

COMMUNISM

Shortly after WW I I went and listened to a sermon by an Advent preacher having tent meetings. He predicted about coming events. He said some day the yellow race would rule the world. Of course, I did not believe that, and hope and pray it never will, but if the USA has to be in a large foreign war every 20 years or so, I have been wondering perhaps that may be the way it is going.

LBJ said this war costs \$72 million a day, on top of that, the national debt is so huge, interest alone on that comes to \$14 or \$15 billion per year. It's something for our American people to think about filling our cemeteries with young men. What have they to look forward to but a large burden to carry for the rest of their lives?

Of course we are fighting communism. We don't want them to take over, but just what did our master mind leaders in Washington, D.C., have in mind when they let Stalin take over those small Eastern countries with over 100 million people and all their resources under communist control? Please read about the Berlin Wall in Readers Digest.

Jim: "Here is a hand illustrating several interesting points in bidding. I was West, playing rubber bridge, and there is nothing remarkable about my diamond overcall."

Oswald: "No, there wasn't. East sure came in with a brilliant double of three no-trump. Who was he?"

Jim: "Payne Harrison of Dallas. He knew that my vulnerable minor suit overcalls are always decent hands, and he also knew that North was an overbidder. Furthermore, he wanted me to open either hearts or diamonds, not to try something unusual."

Oswald: "There we have several good points. Payne didn't have much of a double and most people wouldn't consider any action at all with his four points, but Payne possesses one characteristic of all great rubber bridge players. He has a nose for figuring out when his opponents are stepping out."

Jim: "No question about it. No guarantee went with the double, but look what he collected as a result. I opened the nine of diamonds rather than the 10, since I wanted to see if Payne held the jack. He played it. South looked disgusted and then ran off his spades and three top clubs. I had to discard a diamond on the third spade, but once South took his seventh trick we had the rest and picked up 1,000 points instead of the mere 200 that a pass by Payne would have given us."

Oswald: "Let's see what other lessons this hand should teach us. The first lesson is that North should not have redoubled. He did have 12 high card points, but they weren't the right kind. Seven of them were his spade honors and they would have been far better if he had a small spade to back them up, since that little spade would have been one sure trick."

Jim: "The final point is that, when someone like Payne Harrison doubles you, it pays to be very careful about redoubling. These good players know what they are doing."

Your partner bids one spade. What do you do now?
Answer Tomorrow

First persons of Oriental ancestry elected to the U. S. Congress were Sen. Hiram Fong and Rep. Daniel Inouye, both of Hawaii.

Ann Landers

Fascination For The Morbid Touches All

Dear Ann Landers: I was driving home last night and passed a horrible automobile accident. There were several police cars with flashing lights, sirens, ambulances, and of course a huge mob of bystanders.

Please print this letter for the benefit of people who don't know any better. — OTHER SIDE OF THE COUNTER

Please tell me, Ann Landers, what is there about a stranger's tragedy that draws throngs of people who do nothing but stand there and stare? Not a soul offers to help. All they want to do is crowd in as close to the injured and dying as possible and get their eyes full. I had an impulse to scream at the spectators, "What if it were YOUR mother or husband or child whose mangled body was being lifted out of the wreckage? Would you want a pack of strangers standing around as if they were watching a movie?"

What is there about bloodshed and tragedy that draws strangers? What so twists the mind that it actually enjoys viewing horrible sights? I have been searching for an answer to this question and I hope you can provide it. — HARTFORD, CONNECTICUT

Dear Hart: It is a human characteristic to crave excitement, stimulation, something different from the ordinary (and often dull) pattern of daily existence. People are attracted to situations which involve destruction, disaster, conflict and agony (particularly somebody else's) — simply because it's exciting. Fascination for the morbid exists in all of us. It may be several layers beneath the civilized man, but it is there nonetheless. This explains the huge success of bullfights, auto races, prize fights — and the crowds who gather at accidents and fires. I guess the answer to your question is that man is not quite as civilized as we would like to believe.

Dear Ann Landers: I am a supermarket checker and one day I am going to write a book about the public. You wouldn't believe the things people do when they think nobody is looking.

I will confine myself to one complaint which bothers me most — it's the woman who goes marketing and doesn't know how much money she has to spend. When it dawns on her that she has more items in her cart than she can pay for, she starts unloading any old place. It's not so bad when the items are canned goods or cere-

al, but frozen foods and steaks and dairy products do spoil. It's maddening to find four double-rib lamb chops hidden behind the detergents.

Please print this letter for the benefit of people who don't know any better. — OTHER SIDE OF THE COUNTER

Dear Other Side: I disagree that these people don't know any better. Bad manners and a lack of consideration for someone else's property are at the bottom of this crude behavior. So here's your letter and a word from me: If you can't pay for it, girls, take it back where you got it.

Dear Ann Landers: I am 17 but very mature for my age and I look older. I am in love with a wonderful man who is 33 but he is very boyish looking and acts young, too. By the way, he is my uncle. I should make it clear that he is not a blood relative, he is an uncle by marriage.

We have had many long talks and I have a feeling he is going to ask me to marry him. My friends don't think it will work. I'd like your opinion. — REAL EYELASHES

Dear Real: Uncles are nice, but not as husbands. When you say he is an uncle by marriage, I hope you don't mean he is a married man. In any event, the whole thing is like forget it on the grounds that he is too old for you. By the way, where are your parents?

Unsure of yourself on dates? What's right? What's wrong? Should you? Shouldn't you? Send for Ann Landers' booklet "Dating Do's and Don'ts," enclosing with your request 35c in coin and a long, self-addressed, stamped envelope.

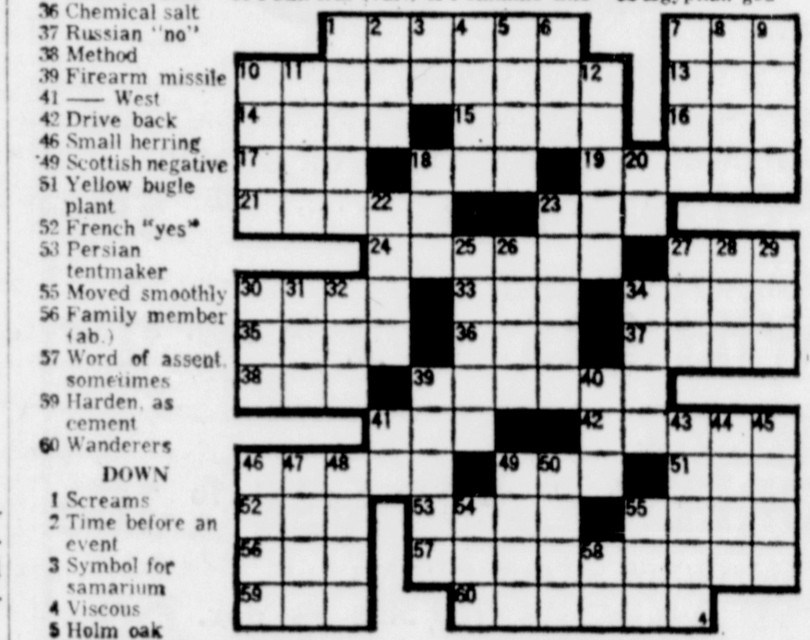

Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a self-addressed, stamped envelope. Copyright 1968, Publishers-Hall Syndicate

Study Loneliness

DETROIT (AP) — Loneliness will be the theme of a three-day conference sponsored by the University Center for Adult Education March 21-23 in the Rackham Educational Memorial in Detroit. The topic will be considered and discussed from the viewpoint of the artist, clergyman, biophysicist, philosopher and others.

Hatlo's They'll Do It Every Time

SOMEONE WORKING ON A THESIS IS ALWAYS ASKING A BUSY EDITOR TO HELP BY ANSWERING A FEW QUESTIONS...

U.P. Larger Than Belgium

Geographic oddities about Michigan are often mentioned by her residents.

Few of them realize, though, how many freakish geographic situations exist in the Great Lakes State and how many statistical records Michigan claims, says Dr. Bert Hudgins, professor emeritus of geography at Wayne State University, Detroit.

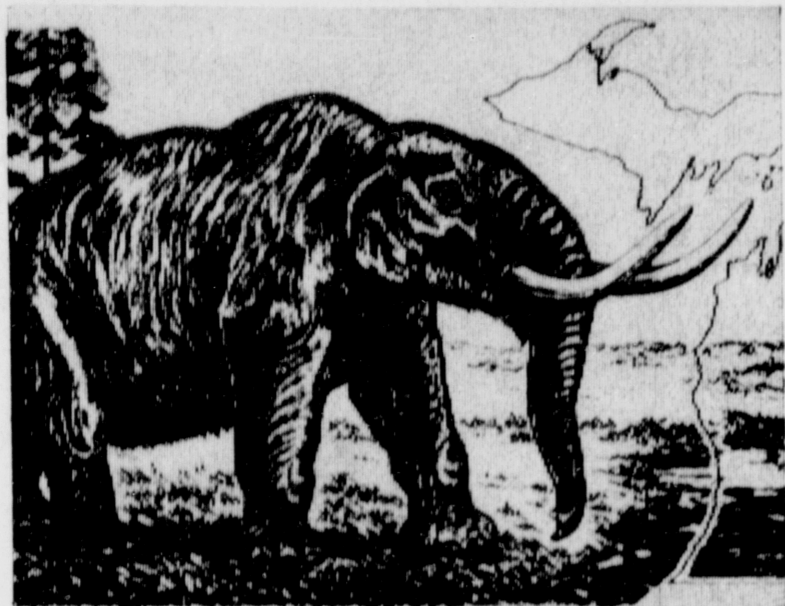

Dr. Hudgins, who has devoted many years of study and research to Michigan's geography, is author of the book, "Michigan Geographic Backgrounds in the Development of the Commonwealth."

Here are a few of the points made by the geographer:

In land and water area combined we are the biggest state east of the Mississippi River and tenth in the nation. The nearest competitor in size this side of the Mississippi is Georgia. Our land area covers 36,494,000 acres — larger than England or Austria — twice the size of Ireland — nearly five times as big as Switzerland.

Michigan's Upper Peninsula, nearly one-third of the total area of the State, is as big as Connecticut, Delaware, Massachusetts and Rhode Island combined — and larger than either Belgium or Switzerland.

Distances in relation to Michigan can cause amazement. Detroit is farther from Houghton, (427 air miles) than it is from

IF YOU HAD BEEN in what is now Oakland County 25,000 years ago, you might have seen a mammoth like this one along the shores of glacial Lake Maumee, one of the ancestral stages of Lake Huron and Erie.

Baltimore, (398), Washington, D. C., (397) or Louisville, Ky., (315). Ironwood in the Upper Peninsula is farther west than St. Louis, Mo., and Port Huron is as far east as Greenville, S.C. Through the St. Lawrence Seaway, Detroit is closer by water to such European nations as England, Sweden and Belgium than is New York.

Until 1959, when Alaska entered the Union, Michigan could claim the longest coastline of any state. Michigan has 11,037

inland lakes, and her inland streams and rivers traverse some 36,350 miles, a distance of almost one and one half times around the world.

These water resources were formed by massive glaciers which once covered Michigan. The glaciers left not only water areas in their wake, but abundant deposits of sand and gravel.

Also in the glacial deposits are found today fossil remains of shaggy haired mammoths and mastodons, larger than elephants, which once roamed the lower part of the State, along the shores of the glacial lakes.

Engineers Seek To End Shoals At Grand Marais

WASHINGTON (AP) — The U.S. Army Corps of Engineers has promised to study what can be done about shoals forming in Grand Marais harbor, threatening to block it to small craft use.

A study by the Michigan Waterways Commission has shown that if present trends continue, the harbor, on Lake Superior in the Upper Peninsula's Alger County, will be completely shoaled on its eastern side by 1976.

The Corps said the study will be made by its Lake Survey and Detroit districts.

SMILING Jim Garrison, New Orleans district attorney, has asked the court to deny Clay Shaw's application for a change of venue and set the case down for trial. Garrison has accused Shaw of conspiracy in the death of President Kennedy. A court decision is scheduled for Tuesday.

South Vietnamese Ask For Invasion Of North Vietnam

SAIGON (AP) — A Saigon newspaper known as the voice of the South Vietnamese army has called for an invasion of North Vietnam.

An editorial Friday in Tien Tuyen urged a stepup in bombing of the North, including the dikes of the Red River Delta, and a landing of troops in the North.

"Why should we restrain from attacking North Vietnam while it did not restrict its acts of destruction and aggression," the paper asked.

"We suffer from devastations and deaths caused by the war but we would suffer more if such a plight were forced upon us indefinitely. We must gather our energy to drain this abyss. Landing in North Vietnam, bombing the Red River embankments, and, if necessary, attacking up to the border of Communist China: Such is the best solution to safeguard peace."

Better Idea Wins

DETROIT (AP)—Fred Cromwell, a drafting supervisor at Ford Motor Co., had a new car today because he had a better idea.

Cromwell, competing in the firm's employee incentive program under which prizes are awarded for the best suggestions for improving company efficiency, noted most drafts-

men used only half their 16-foot long drafting boards.

His prize winning suggestion—cut them in half.

Negro Shooting Ruled Justified

SAGINAW (AP) — The fatal shooting of a Negro youth by a white policeman last Feb. 16 has been ruled justifiable homicide.

A jury of five white persons and one Negro made the unanimous ruling after a coroner's inquest into the death of an 18-year-old youth who was shot by Officer Timothy McGillen during an alleged burglary attempt at a Saginaw gas station.

Saginaw County Prosecutor Robert Currie had ruled the case justifiable homicide on Feb. 17, but six city councilmen signed a petition seeking the coroner's inquest.

The inquest Friday lasted more than eight hours and was held in a UAW-CIO hall to accommodate some 400 spectators, mostly Negro. The jury deliberated 20 minutes before giving its decision.

Dr. Blaiberg May Leave Hospital In About Two Weeks

CAPE TOWN, South Africa (AP) — Dr. Philip Blaiberg, the world's only surviving human heart transplant patient completed the second month since his operation with no indication when he may be released from hospital.

Blaiberg waved to tourists from a window of Groote Schuur Hospital, read a book on mountaineering and continued his gradual emergence from sterilized conditions.

Doctors said they were satisfied with his condition. The retired dentist received his new heart Jan. 2 and was originally scheduled to leave the hospital more than three weeks ago.

The best estimates indicate that he will stay at least until the return from the United States of transplant surgeon Christian Barnard in about two weeks.

Labor Law

MARQUETTE — Northern Michigan University will offer a course in Labor Law and Collective Bargaining for the Menominee area residents on Friday and Saturday mornings on alternate weekends, with the first class March 8 at 7 p. m., in Menominee High School.

NOTICE MASONVILLE TOWNSHIP Board of Review

Masonville Township Board of Review will meet at the Rapid River Firehall on March 11, from 9 a.m. to 3 p.m., and March 12, from 3 p.m. to 9 p.m., each day to examine the 1968 assessment rolls, hear and review assessment of any parcel requested by any taxpayer.

Science Shrinks Painful Hemorrhoids Stops Itch—Relieves Pain

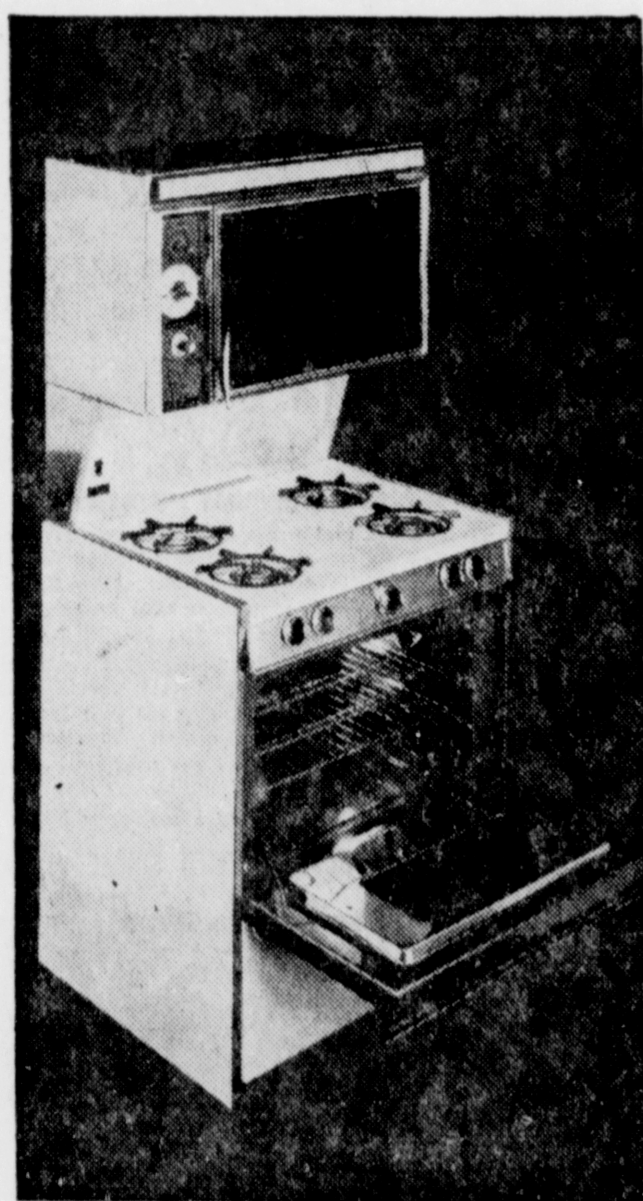

Finds Way That Both Relieves Pain and Shrinks Piles In Most Cases

New York, N.Y. (Special): Science has found a special formula with the ability, in most cases—to shrink hemorrhoids, stop itching and relieve pain.

In case after case doctors proved, while gently relieving pain, actual reduction (shrink-

age) took place. The secret is Preparation H®. There is no other formula for hemorrhoids like it. Preparation H also soothes irritated tissues and helps prevent further infection. In ointment or suppository form.

GET YOURSELF A NEW FLAME.

Refire that tired old, broken-down stove in your kitchen.

And kick up your heels with a new Gas range.

Right now, they're on sale at your appliance dealer's and in our showrooms. At bargain prices. And on easy terms.

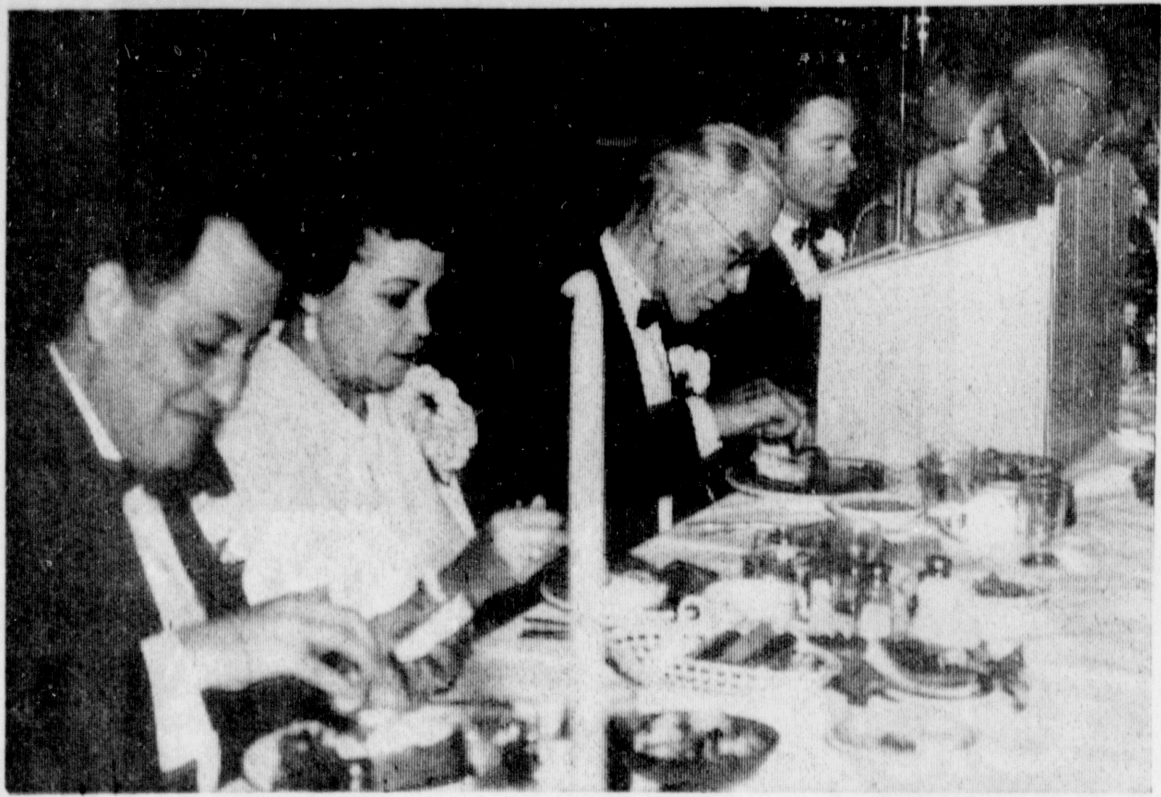

So go ahead. Spring is just around the corner. Spend your time somewhere besides the kitchen.

Let a new Gas range do 5 or 6 cooking jobs for you at once. And for a lot less, too. A Gas range cooks for about 1/4 the cost of electric cooking.

Get yourself a new flame. And live a little. Start your spring decorating with a new Gas range.

Masons Mark 100th Year

CENTENNIAL PROGRAM of Delta Lodge No. 195 F. & A. M., was marked by a banquet Saturday evening at the Masonic Temple. Among the program notables were (from left) Russel Chrest, Marquette, the speaker; Grand Master Ivan Addis, Dearborn, and Mrs. Addis; Robert Jenshak, Worshipful Master, and Mrs. Jenshak; and Wallace Cameron, who introduced the speaker and distinguished guests. (Daily Press Photo)

The 100th Anniversary banquet of Delta Lodge No. 195, Free and Accepted Masons, was held Saturday evening at Marquette's Starlite Room, with Russel Chrest, Marquette, speaking on "A Parable Out of Time."

A plaque commemorating the 100th anniversary was presented to Delta Lodge by the Most Worshipful Grand Master of the State of Michigan, Ivan E. Addis, Dearborn.

Other state officers attending were the Deputy Grand Master Milo Underhill, Marquette; and the Grand Tiler Robert Hart, Berkley, Mich., and their wives.

Invocation was by Rev. Robert Selberg and the welcome by Worshipful Master Robert M. Jenshak. The toastmaster was Wallace Cameron of Gladstone.

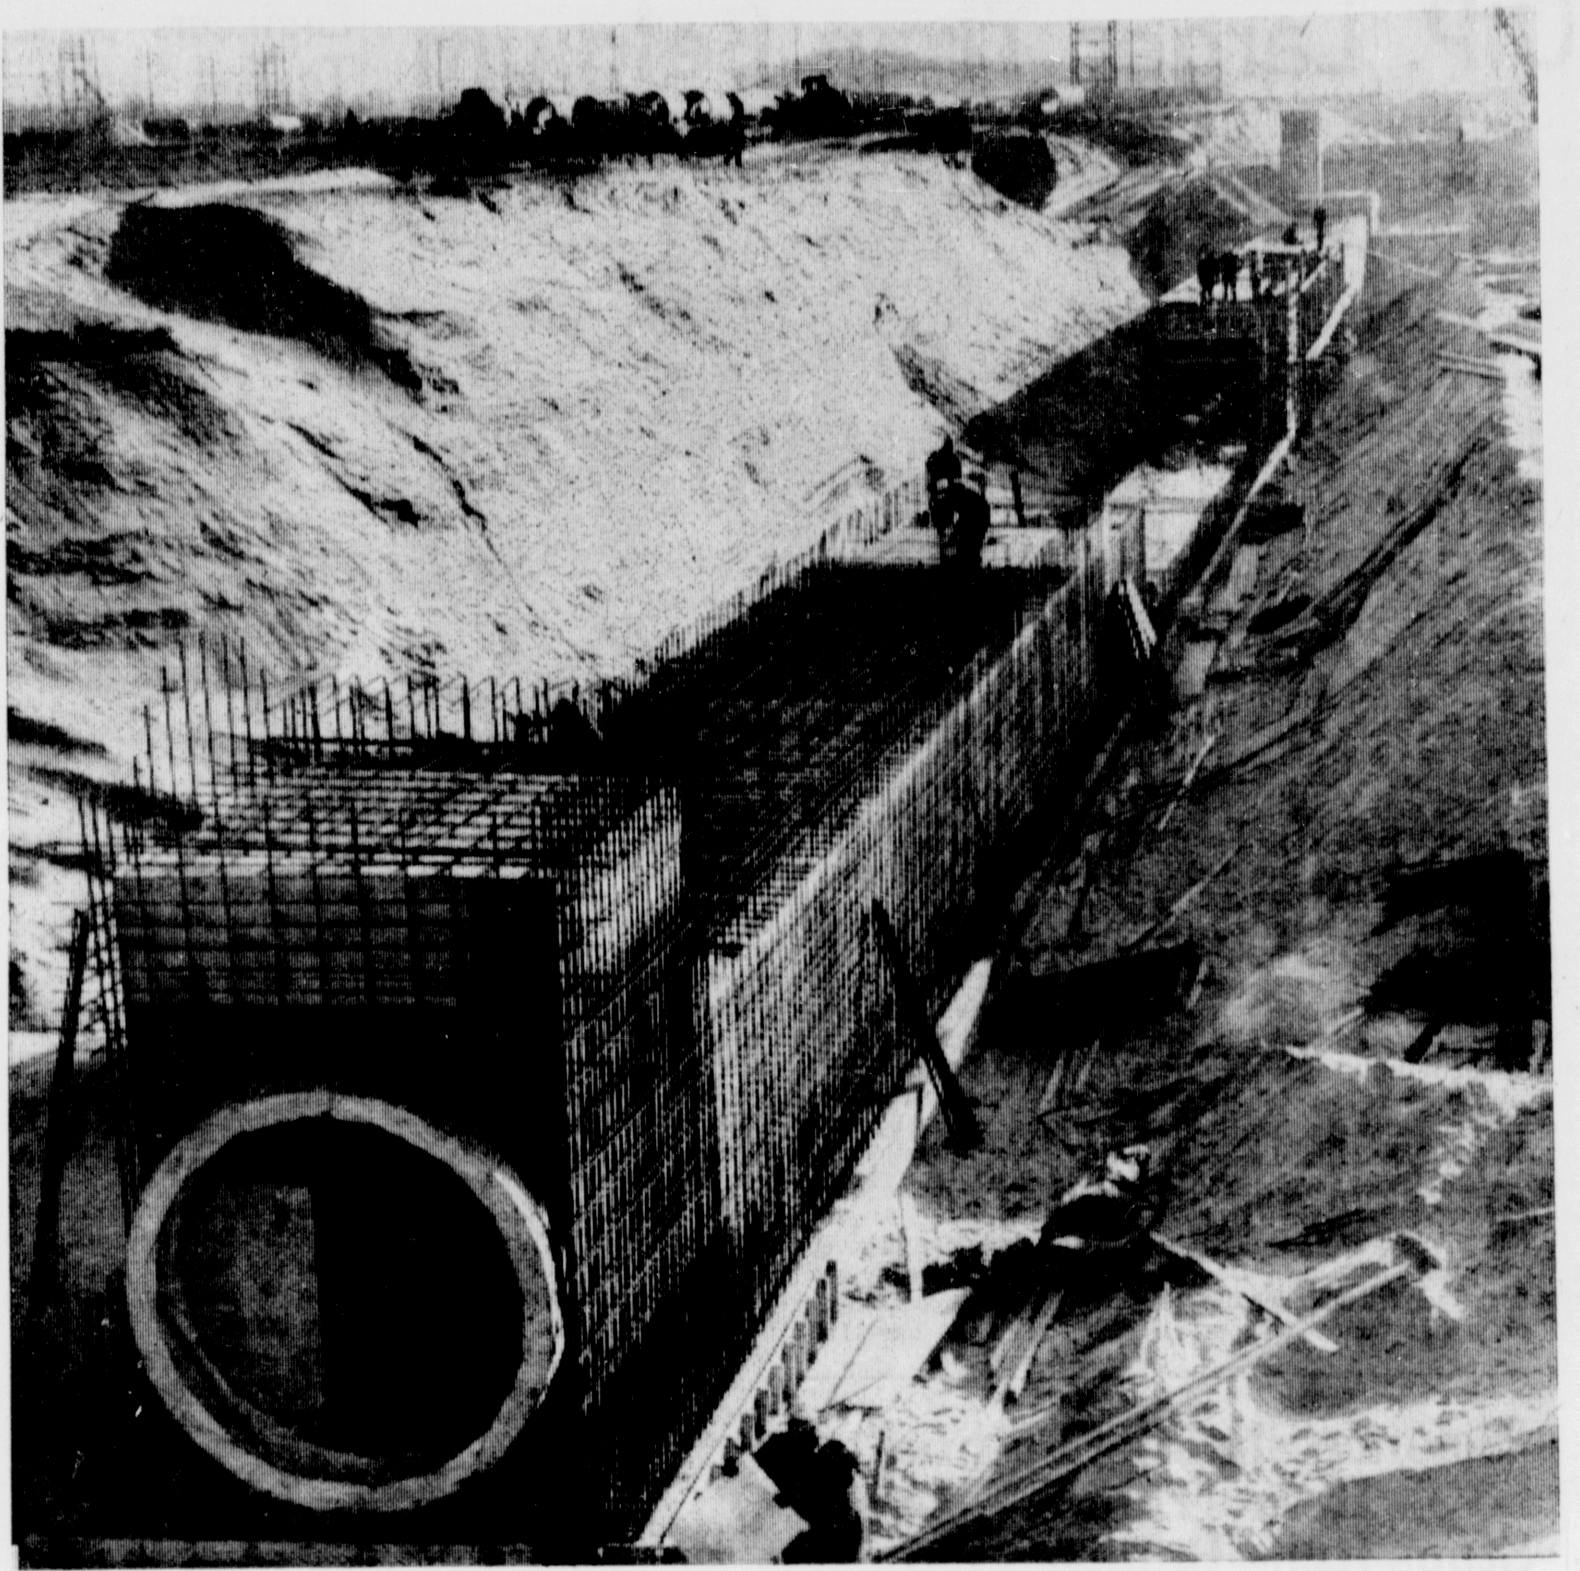

The Escanaba Barbershoppers under the direction of Brian Wood entertained the group.

Past Master Fred Fisher presented a trowel to the oldest living Past Master, George Haberle, who was the Master of the Lodge in 1922. Haberle also served as secretary of the lodge for 20 years. Fisher also presented a trowel to Tiler Percy Owen, the oldest living member of the lodge, who served the lodge as tiler for 40 years.

Other distinguished guests present were Ernest Anderson, the High Priest of Escanaba Chapter; Leslie Johnson, commander of the Escanaba Commandery; Mrs. Robert M. Jenshak, the Worthy Matron of R. C. Hatheway Chapter No. 49, Order of the Eastern Star; Nels Ebbesen, Worthy Patron of Eastern Star; Robert Ebbesen, Master Councilor of Escanaba DeMolay; and Miss Kay Ness, Honored Queen of the Escanaba Job's Daughters.

Invocation was given by the Rev. Karl Hammar.

About 200 were in attendance.

A STEEL-REINFORCED concrete box culvert, 14 feet square, will carry away storm and cooling waters from the steelmaking facilities now under construction at Bethlehem Steel Corporation's Burns Harbor, Ind., plant. The culvert

is constructed several feet below ground and then covered over as each section is completed. The steelmaking facilities at Burns Harbor are scheduled to be in operation by 1970.

Peril Aircraft

SALT LAKE CITY (AP) — A growing colony of jackrabbits at the Salt Lake City airport is causing consternation for pilots.

Joe Bergin, airport manager, said the rabbits attract eagles and dogs, adding to the danger of landings and takeoffs.

"At times, you can see hundreds of jackrabbits streaming across the runways and taxiways," Bergin said.

Scouts Finish Klondike Derby

Teamwork, Scout Spirit, personal fitness, and just plain common sense were exhibited in varying degrees as 135 Boy Scouts competed in the 20th annual Klondike Derby Saturday at the Gladstone Golf course.

Operating in patrols of five to eight boys each, the Scouts competed against a standard and attempted to accumulate points at five different field problems.

Eighteen of the twenty-five patrols achieved blue ribbon honors and seven earned red ribbons.

A special presentation honored the Ranger Patrol of Troop 446, Bark River. The patrol's flag was judged "best" in terms of its theme and the use of a totem.

Success of the Derby was attributed to the hard-working committee, according to Rev. C. S. Beckingham, chairman of the Red Buck District Camping and Activities Committee. Serving as Derby chairman, Jack Van Brocklin, Gladstone, recruited 35 committeemen to produce one of the finest derbies in many years.

Gladstone area National Guard personnel, Explorers of Post 466, Gladstone, Senior Scouts from various District Troops, and members of the Order of the Arrow, all served as judges and messengers.

The next major District-wide event will be the Spring Camporee, slated for May 24-26 at the Hiawathaland Council's new Scout Camp.

Gold Rush Has British Pound At All-Time Low

LONDON (AP) — The British pound slipped to an all-time low today, then recovered slightly, while heavy demand for gold continued here.

For the first time since devaluation last Nov. 18, the pound dipped below its official parity rate of \$2.40 but was back at the parity rate by midday.

Meanwhile, the rush of gold buying, one of the reasons behind the weakness of the pound, appeared to be heading into its second week. Dealers said demand for gold was heavy on the London market.

The pound dipped to \$2.392, down from Friday's close at \$2.4006. Although the official rate is \$2.40, the pound is allowed to move between \$2.38 and \$2.42.

Although the rate was still well above the allowed minimum, the pound was clearly taking the brunt of the current uncertainty over the gold price.

Charge Motorist Under Influence

Channing B. Schwartz, 51, of 110 E. Ludington St., Iron Mountain, has been charged with driving while under the influence of intoxicants in Escanaba and will be arraigned sometime today in Municipal Court.

Escanaba police arrested Schwartz at 11:22 p.m. Sunday after Schwartz' car went out of control and struck Marco's restaurant building in the 300 block, Ludington St. Schwartz posted bond for his appearance in court.

Auto Mishaps Take 15 Lives

By The Associated Press

Traffic accidents in Michigan claimed at least 15 lives over the weekend. Ten of the victims were age 30 or younger, seven of them under 25.

The Associated Press death count period began at 6 p.m. Friday and ended at midnight Sunday.

Blaze Brings Aid

ABERDEEN, Scotland (AP) — Four men were adrift in a rowboat in the North Sea Sunday. One of them soaked his socks in gasoline and set fire to them. The crew of the Aberdeen lifeboat spotted the blaze and rescued the men.

District Forensic Meet March 13

The Rock High School local forensics meet was held at the school Wednesday, Feb. 28 with 15 students participating. Judges for the meet were Brad Cory, consultant of Title III, Intermediate School district; Ray Godmer, superintendent of Intermediate Schools; Leo Brunelle, superintendent of Flat Rock School. Forensics coach is Mrs. Marie Ranta. Nancy Welldum was the M.C.

The district forensics meet will be held at the Rock School at 3 p.m. Wednesday, March 13 with Rock, Rapid River, Gladstone, Holy Name and Escanaba Senior High participating. The public is welcome.

Participating from Rock will be: Declamations, Tina Maniewicz; original oratory, Ellen Bakka and Cynthia Niemi; dramatic monologue, Mavis Waisinen, Charlotte Hall and Debbie Kivela; dramatic dialogue, Pamela Sharkey, Eileen Kaukola and Jean Kivela.

Indiana Steel Complex Gets Source Of Flux

(Continued From Page One)

Flux, or metallurgical stone for steelmaking is now a prime usage, but limestone has many uses and is a basic material in a score of industries. Limestones are found in all the states around Lake Michigan, but they vary in chemical makeup from deposit to deposit. All Michigan limestones are in the Paleozoic era of geological time.

Inland's stone (of the Niagara series of the Lower Silurian period) is exceptionally pure limestone with an analysis of between 97 and 98 per cent calcium carbonate.

Payroll In Millions

Limestone with a high magnesium content is called dolomite, that with a low magnesium content limestone. Use of dolomite in steelmaking has increased in recent years with better ores and changes in slags.

U.S. Steel at Cedarville and Drummond Dolomite both produce dolomite. Inland has the only high calcium stone, but Bethlehem's new property also has high calcium stone.

Inland started exploratory work on its quarry in 1929, built its stone plant in 1930 and shipped its first crushed stone in November, 1930. It has quarried

Sportsmen Back Coho Plantings For Cedar River

HERMANSVILLE — The William Anderson Sportsman's Club of Hermansville has joined the Stephenson Area Chamber of Commerce in urging the Dept. of Conservation to plant coho salmon in the Cedar River this spring.

The resolution asks a minimum planting of 25,000 cohos this spring.

It also points out that the Cedar River is "strategically located and offers great potential for a site for coho plantings" and that the river is located near the camping facilities of J. W. Wells State Park.

GETTING UP NIGHTS MAKES MANY FEEL OLD

Common Kidney or Bladder Irritations make many men and women feel tense and nervous from frequent, burning or itching urination, night and day. Secondly, you may lose sleep and have headache, backache and feel older, tired, depressed. In such cases, CYSTEX usually brings relaxing comfort by curbing irritating germs in acid urine and quickly easing pain. Get CYSTEX at drug stores.

BIG BAY DE NOC High School students, from left, Daniel Cota, Garden, John Gauthier and Dale Thill, both of Fayette, register this morning for the first welding course offered by Bay de Noc Community College to high school students. The course will be taught in the former Northern Motor Rebuilders plant. (Daily Press Photo)

College Begins Training Of High School Students

A new venture in occupational education for Delta County high school students began today with the registration for special classes in welding and office machines.

Thirty students from Bark River, Big Bay de Noc, and Rapid River High Schools enrolled in classes to be taught by Bay de Noc Community College faculty, with the advice of local labor and industry leaders.

Superintendents of several Delta County high school systems requested the courses and representatives of the College studied the means of financing such courses, both for this spring semester and for the future.

The spring semester courses will function as a pilot project to evaluate this method as a means of providing the desired coordination and operation

of vocational, technical and occupational education program expansion for Delta County high school students, said Dr. Richard Rinehart, college president.

Several other Michigan communities are working on a system where the College acts as the area vocational center and provides general coordination and instruction for students in courses which are so specialized or sophisticated that a single high school could not afford to teach them.

"This is an initial effort to provide more career education in addition to the courses already being offered in the schools of Delta County," said Rinehart. "The College accepted the request of the Delta County school superintendents to act in this role because it would allow for a greater degree of coordination. Students can begin programs in their

11th and 12th grades and fit them, if desired, more closely into post-high school related instruction with efficiency.

"This also allows for the most effective use of equipment because of the joining of students from several schools and the sharing of equipment and faculty," he continued. "Advisory committees composed of leaders of organized labor and of local industry were involved in the general planning and had urged expansion and efficient coordination of career education in these more specialized courses."

Arthur Pope planned the welding courses for the college. Dolores Samson and Albert Piquette have planned the Office Machines course and Arne Anderson, chairman of the Division of applied sciences, has provided the academic coordination.

Girls Admit Theft Of Car

Three girls, all under 17 years of age, have been referred to Delta County Juvenile Court by city police after they were apprehended with a stolen car Saturday night.

The car, driven away earlier that evening, was owned by Joseph Richards of 206 N. 18th St., and had been parked in the Red Owl Parking lot.

Police identified the car at 3rd St. and 25th Ave. and gave chase. The stolen car was driven into the Area High School parking lot and there struck a parked auto owned by Hubert Brown of 2707 Lake Shore Drive. The girls ran and the officers pursued them on foot and took them into custody.

At the police station, in the presence of their parents, the girls signed statements admitting they took the car and implicating themselves and one other girl in similar incidents in the past.

Smorgasbord Dinner Sunday At Holy Name

The Holy Name Parents' Club will sponsor a smorgasbord dinner Sunday, March 10 in the Holy Name High School multipurpose room from 12 noon to 6 p. m. Tickets may be purchased at the door or from the Holy Name Business Office.

Proceeds from the dinner and other Parents' Club projects go toward making major improvements in the area of educational tools. Last year the Club purchased \$2,500 of office machine equipment for the Business Education department. The monies this year will be used to purchase additional machines in the same department.

Births

YOUNG — T-Sgt. and Mrs. Richard Young are the parents of a son born at 2:50 a. m. on March 3 at the K. I. Sawyer AFB hospital. The infant has been named Steven Richard. The mother is the former Judy DeShambo.

FLATH — Mr. and Mrs. Russell W. Flath of 117 S. 6th St. welcomed their first child, a son, Jeffery Scott, born at 9:53 a. m. on March 3. The infant weighed 8 pounds and 8 ounces at birth. Mrs. Flath is the former Diane Newell.

WILLIAMS — A daughter, Joan Theresa, weighing 6 pounds and 3 ounces was born at 2:29 a. m. on March 4 to Mr. and Mrs. Louis J. Williams of Bark River Rte. 1. The mother was Carol Groleau.

GOODCHILD — At 6:59 a. m., a daughter, Melissa Lynn, weighing 6 pounds and 15 ounces was born to Mr. and Mrs. Rodney J. Goodchild of 312 N. 14th St. She is the first child in the family and Mrs. Goodchild was Gloria Savola.

Rapid PTC Meeting Held

The Rapid River PTC met Thursday at the school with Mrs. Oswald Hansen presiding. Speaker for the evening was Richard Abraham of U. P. T. V. Systems, Inc.

Mrs. Charles Doonan, reported on the 1968 topical fluoride program and stated that children age 3 to 5 and second, fifth and eighth graders are eligible for the treatments.

It was announced that the talent show will be held April 6 and third grade mothers, Alice Lundberg, chairman, served lunch at the close of the meeting.

If you use lots of chopped onions in main dishes, you'll find the frozen variety a boon. As much as is needed may be removed from the package and the rest kept on hand in the freezer.

MR. AND MRS. Joseph Chouinard of Escanaba Rte. 1 announce the engagement of their daughter, Kathleen Marie, of Two Rivers, Wis. to Joseph Frisch, son of Mr. and Mrs. Daniel Frisch of 2215 E. River St., Two Rivers. Miss Chouinard is a graduate of Holy Name High School and is presently employed at the Metal Ware Corp. of Two Rivers. Her fiancé graduated from Washington High School, Two Rivers and is employed at Up-town T. V. and Appliance Inc., Two Rivers. No wedding date has been set.

Bark River

LCW Meets

The LCW of Salem Lutheran Church will meet following services at 7:30 p. m. Wednesday. Hostesses will be Mrs. Loren Aderman, Mrs. Gary Aderman and Mrs. Franklin Stenberg. The LCW will also serve coffee following the Lenten service. Salem Choir will rehearse following the service.

B&PW Members Hear Police Dept. History

Escanaba Police Chief Richard Frederick was guest speaker at the regular dinner meeting of Escanaba Business and Professional Women's Club Tuesday evening at the Sherman Hotel.

In an informative talk on the organization and operation of the Escanaba Police Department, he traced the beginnings of law enforcement in ninth century England to about 1838 when the system was brought to Boston. He spoke briefly about early police departments in the United States before giving a history of the local department.

First Chief

According to city records, the first police chief was elected in 1889. In 1922 Escanaba went on council-manager form of government and from then on the chief was appointed. In 1927, the department consisted of 12 men — a chief, assistant chief, sergeant and nine officers. It is interesting to note that three of the relay lights used to call the officers who were on patrol are still in use on Ludington Street.

Now, stated Frederick, the department has 22 personnel consisting of a chief, captain, four sergeants, detective, 13 officers, one woman clerk-secretary and one meter maid.

The department is organized as a semi-military command with a staff officer who gives a command which is carried out as given and when given. The chief is appointed by the City Manager and is responsible to him; all others are under civil service and are appointed and promoted in accordance with civil service regulations.

Duties

Chief Frederick then outlined the duties of the department personnel and told of the equipment and arsenal available for police work. He stressed the importance of the records system.

In conclusion, Frederick said the public can aid the police department by doing the following: Obey the laws and set a good example; When you leave your car, lock it, take the keys and put away your valuables; If you see or hear anything that does not seem right, notify the police department; Cooperate with the police when asked; If you hear gossip about the department or personnel, come to the station and get it straightened out; Give an officer a pat on the back once in a while.

MR. AND MRS. Howard Hicks of Savannah, Ga., announce the engagement of their daughter, Nancy Luten, to Spec. 6 Ronald Englund, son of Mrs. Celia Englund of McFarland, Spec. 6 Englund is stationed at Hunter AFB in Georgia and Miss Luten is employed there. A March wedding in Georgia is planned.

Church Events

Central Methodist

Tuesday, March 5, 6:45 a. m. — Men's breakfast fellowship group.

First Methodist

Tuesday, March 5, 6:45 a. m. — Men's breakfast fellowship at the Sherman Hotel.

First Presbyterian

Tuesday, March 5, 9:30 a. m. — Women's Association Executive Board meeting; 8 p. m. — Darts.

Immanuel Lutheran

Monday, March 4, 8 p. m. — No Sunday School teachers meeting; 8:30 p. m. — visitors report session. Tuesday, March 5, 1 p. m. — sewing blankets; 7:30 p. m. — softball team one at First Presbyterian.

Fill and frost a chocolate layer cake with fluffy white frosting; top with flaked coconut and shredded (not grated) orange rind. Good combination of flavors!

HOME FURNITURE NEWS

by **Clyde Anderson**

GOOD DESIGN in home interiors can't be achieved by guesswork. It comes from harmony of color and line and style, and the selection of furnishings that are in scale with each other and with the room. A beautiful dining room suite, for instance, will lose much of its charm and beauty if it is crowded into too small a space.

Whenever you're considering the purchase of an important item of home furnishings, whether it's a dining room suite, a sofa or even an individual chair, it's a good idea to make a sketch or diagram of the room plan. Often the eye is deceived in estimating the size of a room or wall space — even one you live with every day. A space you think of as about six feet in length may be only five or less . . . and that can make a tremendous difference in selecting furniture.

When you talk to us about a room plan, it's also a good idea to make a note of any special architectural features, of the general architectural style, and of the approximate size of existing major pieces of furniture. That way we can help you choose the right pieces for the space available, and the overall decorative scheme.

Braves Tip Indians; Tie For Second Spot

GLADSTONE — The Gladstone Braves, determined for a victory which would put them in second place in the Great Lakes Conference, decided the Newberry Indians, 82-60. The triumph left Gladstone with a 9-8 season record.

Junior Hockey

Team	W	L	T	Pts
Wings	11	0	2	24
Jets	0	11	2	2

Bruins	3	1	0	6
Rangers	1	3	0	2

Top Scorers: Dennis Lancour-1 goal; John Pratt-1; Gary Provo-1.

The Braves fell behind in the first quarter and trailed 18-16. They came roaring back in the second frame to score 22 points and grab the lead at 38-34 at the midway mark. Alert passing by guards Mark Weber and Cliff Young enabled the Braves to break the Newberry press and get the ball down the floor to the big men for points.

The second half belonged to Gladstone. They scored 25 points in the third quarter while holding Newberry to a mere nine. Gladstone attempted 83 shots from the field and connected on 31 for 37 per cent. Steve Nelson, 6 foot 4 inch Gladstone junior, hauled in 15 rebounds to lead the Braves over the Indians 46 to 43 on the boards. Gladstone took advantage of 16 Newberry fouls to make 20 of 23 shots from the gift line.

Mark Stupak paced the Gladstone scoring attack with 32 points, 21 of them in the first half. He got help from Nelson's 17 and 14 by Young. Dennis Anderson added 10. John Bergh led the Newberry scorers with 17 points and teammate Larry McTiver added 16.

Gladstone now moves into district tourney action, playing Manistique Thursday, March 7, at the Gladstone gym.

The Gladstone jayvee finish-

their season with a 13-5 record and a 78-65 decision over Newberry's jayvees.

City Skating Rinks Close

City skating rinks are closed for the season because of poor ice conditions and mild weather, it was announced by the recreation department today. With the sun moving higher in the sky as spring approaches, it is difficult to make good ice even if temperatures are below 20 degrees.

For the first time in many years the weather wasn't cold enough for effective flooding until Christmas, and watering didn't begin until December 26. The rinks were officially opened on January 6 but adverse weather forced closing on 14 days. City crews were plagued by mild weather throughout January and February and they were unable to build up a base thick enough to withstand the frequent thaws.

THE ESCANABA ESKYMOS wrestling successfully defended their Upper Peninsula wrestling title this past weekend. The Norm Pangonis coached Esky team compiled a 10-1 season record and recorded 14 pins in the U. P. Finals.

Esky Matmen Snare Title

The Escanaba Eskymos successfully defended their Upper Peninsula wrestling title at Marquette on Saturday.

It was a team effort as the Eskymos captured 4 first place finishes; 3 seconds; 3 thirds; 1 fourth and 1 sixth. They had a total of 14 pins in the tournament. Terry Williams of Escanaba recorded the fastest pin the meet when he put Tim Kobasic of Holy Name down in 26 seconds.

During the season the Eskymos captured firsts in the Kingsford Invitational, the Great Northern Conference, and the Upper Peninsula finals. They were 10-1 in season dual competition.

Individual season records for the Eskymo grapplers are:

Larsen, 14-4; Dale Ford, 15-4; Steve McKoskey, 12-5-1; Mike Frasher, 10-5; Pat Rudden, 9-4; Ray Sagorski, 16-0; Don Bickler, 6-3; Vital VanDrese, 17-1; Terry Bryak, 15-3-1; John Bennett, 17-1; and Terry Williams, 14-3-1.

Upper Peninsula Finals results:

Championship Finals

95—Tuck Drury (Mq) defeated Dennis Collins (Esc), 6-0
103—Greg Bone (I) defeated Jim Larsen (Esc), 7-0
112—Paul Lodholz (IM) defeated Steve Wright (Mq), 8-2

120—Pat DesJardin (M) pinned Steve McKosky (Esc), 5:55
127—Bob Amundson (K) defeated John Olson (Mq), 3-2

133—Neil Codd (E) defeated Mike Pezzullo (IM), 6-0 ot

Frazier, Griffith Stay Favorites In Ring Match

NEW YORK (AP) — Joe Frazier, Emile Griffith and the Madison Square Garden box office remained the favorites today in a championship boxing doubleheader that could set financial records.

A crowd of 16,000 was expected to see Frazier, an Olympic champion four years ago, battle Buster Mathis for a share of the heavyweight championship after Griffith puts his middleweight crown on the line against Italy's Nino Benvenuti.

Frazier was a 2-1 favorite over Mathis and Griffith ruled as an 8-5 choice over Benvenuti.

The Garden has guaranteed the four fighters \$505,000 and with tickets scaled from \$10 to \$100, a sellout would gross about \$750,000.

Frazier and Mathis, oldtime foes, battle for the New York and Massachusetts versions of the heavyweight crown. They've fought twice before, both times in amateur bouts, with Mathis winning both.

Both Mathis and Frazier are undefeated as pros. Frazier has 17 knockouts and 19 straight victories while Mathis, the big boy from Grand Rapids, Mich., is 23-0 with 17 knockouts.

Frazier is favored because he has fought tougher opponents including George Chuvalo of Canada, Eddie Machen, Doug Jones and Billy Daniels.

The Griffith-Benvenuti scrap is the third meeting between these two. Benvenuti took the middleweight crown from Emile the first time and then Griffith reclaimed it at Shea Stadium last September.

Each bout is scheduled for 15 rounds with scoring by rounds.

The Garden, which is paying Frazier and Griffith \$175,000 each, Benvenuti \$80,000 and Mathis \$75,000, announced last week that a total of almost 12,000 seats from \$10 to \$50 were sold out. Also gone was a good chunk of the 7,000 seats priced at \$75 and \$100.

Spartans Must Win For .500

EAST LANSING (AP)—Michigan State's prospects of ending the Big Ten basketball season with a .500 record look mighty dim.

The Spartans play Purdue Tuesday, and the Boilermakers rank fourth in the conference. MSU is seventh.

Then Michigan State winds up the season with a contest at home next Saturday against Illinois, sixth in the Big Ten.

The Spartans suffered their seventh loss against five victories last Saturday when they were beaten 75-68 by Minnesota, No. 9 in conference ranking.

Lee Lafayette, junior forward from Grand Rapids, stuck to his pattern of leading Spartan scorers.

But his 18 points were far outdistanced by the 29 fired in by Gopher star Tom Kondla.

Michigan State grabbed the lead in the opening minutes of the contest, but Kondla connected on five of his first six shots and finished the first half with 18 points.

The Spartans, who trailed 44-36 at halftime, fought back and took a 68-64 lead. Kondla and guard Al Nuness joined forces to squelch the MSU rally. Nuness finished with 18 points.

Bernie Copeland, 6-foot-6 junior forward from Inkster, scored 16 points for the Spartans.

MSU now has an 11-11 season record. The Gophers are 7-16 for the season.

Northern Accepts NCAA College Tourney Berth

By The Associated Press
Northern Michigan University of Marquette, with a 16-8 season record, accepted an invitation Sunday night to play in the NCAA regional tournament at Normal, Ill., this weekend.

It is the first time the Wildcats have ever been in NCAA regional competition.

Other teams in the tournament Friday and Saturday are Indiana State, DePauw and Illinois State, the host team.

Northern Michigan, which defeated Eastern Michigan 80-62 in a contest Saturday night, turned down a bid to play in the

NAIA district tournament at EMU in Ypsilanti this week, so it could get the NCAA invitation.

Northern Michigan led all the way Saturday night as Ted Rose was high scorer for the Spartans with 27 points.

Harvey Marlette made 16 points for Eastern Michigan.

Two NAIA tournament games are scheduled tonight in Ypsilanti.

Michigan Lutheran of Detroit defeated Detroit College of Business, 80-78, Saturday night to win the right to play in the NAIA district tournament.

Joe Garcia was high scorer for Wayne State with 30 points as the Detroit team finished the season with a 9-14 record.

Mankato State players tossed in six free throws in the last minute Saturday to defeat Michigan Tech, 85-82, at Houghton in a Northern Intercollegiate Conference finale for both teams.

The lead changed hands 24 times in the contest, with Ted Wittig of Michigan Tech leading all scorers with 25 points. Mankato, a Minnesota team, finished the game with a 6-6 conference mark and 9-14 overall record. Tech had a 1-11 and 4-17 mark.

At Buffalo, N. Y., Saturday night, the University of Detroit overcame a 40-34 halftime deficit and went on to defeat Canisius, 90-83. Jerry Swartzfager collected 21 points in leading Detroit to its 13 victory against 12 defeats.

In another Michigan basketball game Saturday, Lake Superior State College of Sault Ste. Marie defeated Northwestern Community College 127-78.

All other games in the Gladstone tourney will be played at the regularly scheduled time of 8:15.

Crusader Game Time Changed

Due to a time difficulty the Holy Name-Newberry district tourney basketball game scheduled for tomorrow night has been changed to 7:15. Newberry faces Eastern Standard Time problems and wants their students to attend the game.

All other games in the Gladstone tourney will be played at the regularly scheduled time of 8:15.

A field of 56 jumpers turned out on the warm afternoon for the first meet on the new hill built by members of the Munising Ski Club and the Alger County Jaycees.

Longest jump of the afternoon was made by Jerry Martin of Minneapolis, Minn., who sailed 186 feet after two competitive rides of 165 and 173 feet in the junior class.

Ribbon cutting ceremonies featuring U.P. Fair Queen Cathy LaMont preceded the competition. Munising Mayor Rudy Kelto cut the ribbon.

Western Upsets Marquette Five

KALAMAZOO (AP)—Western Michigan University saved the best for last.

"We were getting to be known as a basketball team without a home court advantage. Until last Saturday, we'd won only three games at home and lost seven," coach Sonny Means observed Sunday.

"But on the road we had a 7-6 record," he said.

But the Broncos closed out their season Saturday in Kalamazoo by upsetting Marquette University, ranked eighth in the Associated Press college poll, 73-66.

Western Michigan took a 35-31 halftime lead and went ahead by 19 points with 4½ minutes remaining in defeating Marquette.

Marquette, which has a 21-5 season's record, now plays Bowling Green, in the opening rounds of the NCAA basketball tournament March 9.

Bowling Green, by the way, finished first in the Mid-American Conference.

Western Michigan, the only Michigan team in the MAC, finished in fourth place with a 5-7 league mark.

Western Michigan sophomore forward Ellis Hull of Benton Harbor led the Broncos with 19 points. In the game, Marquette lost the ball to Western Michigan 27 times.

Wings Announce Biggest Trade In Team History

DETROIT (AP)—The Detroit Red Wings today announced one of the biggest trades in the team's history, sending Norm Ullman, Paul Henderson and Floyd Smith to the Toronto Maple Leafs for veteran left winger Frank Mahovlich, defenseman Carl Brewer and centers Pete Stelmowski and Gary Unger.

Manager-Coach Sid Abel said the trade is designed to lift the faltering Wings, mired in last place in the NHL's Eastern Division, into the playoffs next year.

"Mahovlich and Brewer are the key men for us," Abel said.

"Both are proven All-Stars and they give us great strength at two positions where we need help the most—left wing and defense."

Mahovlich, the 11th highest scorer in the history of the NHL, and Stelmowski and Unger will join the Wings Wednesday night in New York for their game against the Rangers.

Brewer, 29, reinstated as an amateur after walking out of the Leafs' training camp in 1965 and retiring, will be eligible to return to the NHL on Dec. 18. He currently is playing for the Muskegon Mohawks in the International Hockey League.

Punch Imlach, manager-coach of the Toronto club, said that Ullman and Smith, both 32-year-old veterans, and Henderson, 25, would be in the Leafs' lineup for Wednesday night's game in Toronto against the Philadelphia Flyers.

The 29-year-old Mahovlich, playing in his 11th season with Leafs, has been one of the great left wingers in the NHL. Six years ago, the Chicago Black Hawks offered the Leafs \$1 million for the hard-shooting forward.

That caused a terrific uproar among Toronto fans and they protested vehemently until Leafs' officials turned it down.

Mahovlich missed nearly five weeks' play this season when he suffered a nervous breakdown. In 50 games so far he has scored 19 goals and assisted on another 17.

Badgers Capture Second Straight Conference Title

COLUMBUS, Ohio (AP)—Wisconsin, with a record-breaking performance by a sophomore, has gained its second straight Big Ten conference track championship.

Young Joe Viktor shattered the conference pole vault mark to lift the Badgers to the title.

Wisconsin had 51 points, followed by Michigan's 48½, Minnesota's 33½, then Michigan State with 25, Indiana 19, Ohio State 15, Purdue 14, Iowa 10, Illinois 8 and Northwestern 7.

Viktor vaulted 15 feet, 8½ inches, breaking the record of 15-8 set by Ohio State's Bob Neutzel in 1964.

Wisconsin's Mike Butler, a junior, tied his own record by running the low hurdles in 7.6 seconds, and in Friday's pre-

liminaries he and Larry Midlam of Michigan ran the highs in 8.1 seconds, another league mark.

Other records:

—Ralph Schultz of Northwestern did the 1,000-yard run in 2:09.1, a tenth of a second better than the record set by Barney Peterson of Wisconsin in 1965.

—Larry Gieczorek of Iowa ran the two mile in 8:54.3, beating the record of 9:01.4 set by Dick Sharkey of Michigan State in 1965.

—Stan Gay of Purdue ran the 60-yard dash in 6.1 seconds, tying the record set by Jessie Owens of Ohio State in 1935 and equalled in subsequent years by three others.

Sparpana Wins Top Honor In Dedication Ski Meet

MUNISING — Gary Sparpana of Iron Mountain, former United States Junior ski jumping champion, soared 175 and 164 feet Sunday to edge Butch Wedin for the Class A title in the dedication meet of the new Munising Ski Hill.

Wedin, former U.S. Olympic team member from Iron Mountain, jumped 160 and 170 feet for 128.9 points, a tenth of a point behind Sparpana's winning 129.0 points.

A field of 56 jumpers turned out on the warm afternoon for the first meet on the new hill built by members of the Munising Ski Club and the Alger County Jaycees.

Longest jump of the afternoon was made by Jerry Martin of Minneapolis, Minn., who sailed 186 feet after two competitive rides of 165 and 173 feet in the junior class.

Ribbon cutting ceremonies featuring U.P. Fair Queen Cathy LaMont preceded the competition. Munising Mayor Rudy Kelto cut the ribbon.

The dedication meet on the 70-meter hill culminated about 35 years of efforts by the Jaycees and Munising Ski Club.

First scaffold pole was installed in Sept., 1966. The judges stand was completed last week.

The scaffold is 250 feet long and 60 feet high with a vertical drop of 91 feet from the start to the takeoff. The landing is 300 feet long. Although not accomplished Sunday because of sticky snow conditions, jumps of 200 feet or better are expected.

The results:

Class A-1: Gary Sparpana, Iron Mountain, Mich., 164-175 — 129.0; 170 — 128.9.
2. Butch Wedin, Iron Mountain, 160-170 — 128.9; 3. Bill Norkoli, Ishpeming, 167-176 — 128.6; 4. Tom Hillier, Ishpeming, 162-175 — 124.2; 5. Walter Cherry, St. Paul, Minn., 147-154 — 107.2.

Class B — 1. Mike Asgaard, Ishpeming, 151-161 — 113.9; 2. Dan Goyen, Ishpeming, 148-160 — 109.4.
Boys — 1. John Rajala, Ishpeming, 127-135 — 88.6; 2. Craig Sjoberg, Iron Mountain, 128-125 — 87.7; 3. Scott Gauthier, Ishpeming, 122-132 — 83.1.

Class B — 1. Jerry Martin, Minneapolis, Minn., 165-173 — 134.6; 2. Joe Baltig, Minneapolis, 164-170 — 125.0; 3. Dean Drexton, Minneapolis, 162-160 — 119.7.
Veterans — 1. Coy Hill, Ishpeming, 158-156 — 116.1; 2. Jack Pauly, Minneapolis, 156-151 — 111.0; 3. Ed Brisson, Minneapolis, 147-145 — 88.5.

MUNISING'S NEW 70-meter ski hill was dedicated Sunday with ribbon cutting ceremonies and the first competitive ski meet. Elmer Rantanen, Munising, fell after making this jump in the veteran's class. (Photo by Joseph Grondine)

THE CHRISTIAN BROTHERS BRANDY SPORTSQUIZ

Q: Who would you pick for the all-time speed champ among ice skaters?

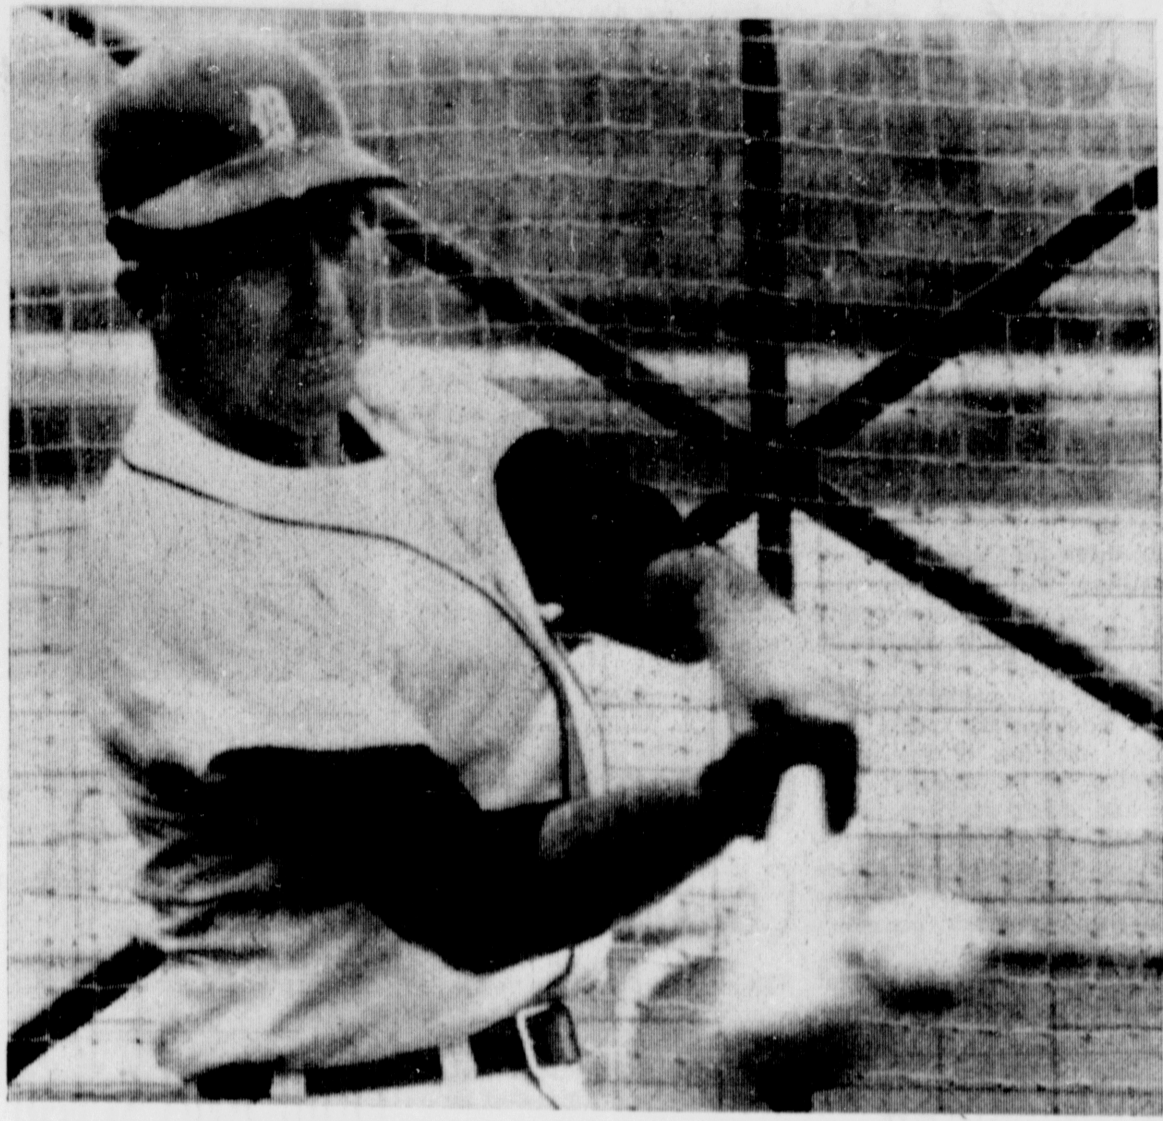

A: We'll take Ken Bartholomew. He was not only National Outdoor Champion six times, his championships spanned a period of over 20 years!

SPECIAL OFFER
Send 25¢ for your copy of The Christian Brothers Official Sports Yearbook; 96 pages of the latest information on all the major sports. A \$50 value. Write: Brandy Sportsquiz, Box 15213, San Francisco, California 94115.

The Christian Brothers took a masterful stand when they created a brandy of quality without compromise. You'll enjoy its lightness and the round mellow taste. It's clearly America's favorite.

THE MASTERFUL BRANDY.

The Christian Brothers of California
30 Proof. Sole Distributors: Fromm and Sichel, Inc. San Francisco, California

AL KALINE, Detroit Tigers outfielder, connects with ball as he takes batting practice for the Tigers in Lakeland, Fla. Kaline hammered out 25 home runs last season and hit .308. He was bothered with a fractured hand during part of the season and appeared in only 131 games. (AP Wirephoto)

Michigan Prep Teams Start Trip To State Basketball Tournament

By The Associated Press
The road to East Lansing and the Michigan high school basketball tournament is littered with the remains of No. 1 picks who never made it, and it's small wonder.

Some 750 basketball teams throughout the state are eligible, no matter what their season records, to take a shot at the championship in one of four classes.

Take Class A, this season, for example. Detroit Pershing was the undisputed pick of sports writers and broadcasters throughout the state right up to the last Associated Press poll.

Now, Pershing, with a 15-1 record, is fourth. The season-long leader was sent heading from the throne after it lost to upstart Detroit Murray-Wright, which previously wasn't rated among the top 10 in the Class A poll. Murray-Wright earned enough statewide respect with its performance a week or so back to move into eighth place in Class A.

Ypsilanti won the hearts of the sports writers and broadcasters in the last Class A poll but there's no telling whether it'll be able to make it to East Lansing for the state tournament starting March 20.

Top-rated Ypsilanti, with a 16-0 record, shouldn't have any difficulty getting through the preliminary district tournament this week. Its first opponent on Tuesday is Inkster, unrated in the AP Class A poll.

Pershing plays Wednesday against the winner of a prior game between Waterford Kettering and Detroit Osborne, both unrated.

In Class B, River Rouge is a perennial state tournament threat. River Rouge, rated ninth among the top 10 schools in its class, plays Riverview Thursday.

In other Class B district tournament action, top-rated Menominee rests until Saturday, when it plays for the district championship against the winner of a game between Kings-

ford and Iron Mountain. Holland Christian, ranked second in Class B with a 17-0 record, faces Hudsonville Unity Christian Wednesday.

Crystal Falls, although unrated in the poll, promises to be a Class C threat. Boasting a 15-2 record, Crystal Falls has tallied as many as 110 points against Class B competition this season.

Charlevoix, rated No. 5 in the Class C poll with a 15-0 record, is idle until Thursday, when it faces Mancelona, Detroit St. Hedwig, rated No. 8, faces Detroit St. Vincent Wednesday. Even - Trout Creek, a con-

solidation of two of last year's top Class D teams, is considered unbeatable in Class D this year. Boasting a 17-1 slate for the season, Even - Trout Creek faces Bergland Tuesday.

Several of the Class D threats get to play each other this year as early as the district tournaments. Benton Harbor St. John, rated No. 5, faces Lawrence, rated third, in a game Wednesday.

Eighth-ranked Dollar Bay plays Painesdale Wednesday while fourth-ranked Baraga lies in wait for the winner. So Baraga may get a chance to meet Dollar Bay Friday.

Pistons Score From Field To Defeat Chicago

By The Associated Press
Wasting free throws at the charity stripe can cost a basketball team a game, but the Detroit Pistons proved Sunday night you still have to score from the field.

The Pistons had six players in double figures as they drubbed the Chicago Bulls, 134-123, in a National Basketball Association game in Detroit.

The Pistons' triumph came despite the fact Chicago sunk 32 straight tosses from the charity line, apparently setting an NBA record for consecutive throws for one team.

Dave Bing, the league's leading scorer, led the parade for the Pistons, sinking 34 points. Eddie Miles had 27, Len Chappell, 22, Haay Hairston and Joe Strawder, 14 each, and Dave DeBusschere, 10.

McCoy McLamore fired in 23 for the Bulls, including nine for nine from the free-throw line.

The victory moved Detroit into fifth place in the NBA's

Eastern Division, replacing Baltimore, and 1½ games behind fourth-place Cincinnati.

In other NBA action Sunday, Cincinnati topped Seattle, 138-128. Philadelphia beat Boston, 133-127. Los Angeles took Baltimore, 121-114 and St. Louis edged San Diego, 106-104.

On Saturday, New York trounced the Pistons, 113-107. Los Angeles beat Seattle 127-121 and San Francisco defeated Baltimore, 117-109.

In the American Basketball Association, Sunday, Pittsburgh whipped Kentucky, 110-99. Minnesota defeated New Jersey, 123-115. New Orleans downed Houston, 103-89. Dallas whipped Anaheim, 126-114 and Denver tripped bombed Oakland, 115-95.

With Hal Greer hitting for 43 points, the 76ers built a 21-point lead midway through the fourth period and then checked a desperation rally by the Celtics.

The Celtics were up for the game, but their hopes of handing Philadelphia a fourth straight garden loss and taking a 5-2 season advantage over the 76ers were dashed by the outside shooting and penetrating drives of Greer and Wally Jones.

With both teams aiming for a showdown in the Eastern playoff finals, the 76ers proved they can win in Boston, where they managed just four victories in 20 previous regular season visits.

Cincinnati's victory kept the fourth-place Royals 1½ games ahead of Detroit, who replaced Baltimore in fifth place in the Eastern Division.

Connie Dierking's 41 points, a pro-career high, sparked the Royals' victory. Cincinnati led 66-65 at halftime, but Dierking and Adrian Smith spurred them into a 77-70 lead early in the third period and Seattle never caught up. Smith finished with 31 points. Rod Thorn led Seattle with 22.

Los Angeles overcame a nine-point deficit in the third quarter and moved to their seventh straight victory and 22nd in the last 27 games behind the shooting of Elgin Baylor and Archie Clark.

Baylor poured in 33 points and Clark 25. Earl Monroe scored 24 for Baltimore.

A foul shot and basket by Bill Bridges broke a 102-102 tie and clinched the victory for Western Division-leading St. Louis. Don Ohl scored 27 points for St. Louis and Henry Finkel got 24 for San Diego.

Indiana's 14-13 victory over Michigan State in 1967 was the first ever scored by the Hoosiers at East Lansing.

College Basketball Season Heads Into Final Week Of Competition

By The Associated Press
There'll be big doings in Ames, Iowa, tonight as the college basketball season starts its last week of the regular season.

Iowa State, with a chance for its first Big Eight Conference title in 23 years, entertains first-place Kansas State. Iowa State is tied for second with Kansas, one game behind, but followers of the Cyclones are confident they will tie for the lead tonight, then win the title outright by beating Kansas on Saturday.

K-State defeated Colorado 67-56 Saturday while Iowa State hasn't played since its 93-92 overtime road victory over Nebraska last Friday.

The Iowa Hawkeyes, close to their first Big Ten Conference

championship in 12 years, play at Minnesota and the unbeaten, top-ranked Houston Cougars are at West Texas in an effort to complete a 28-0 regular season. Ohio State, one game back of Iowa, plays at Illinois and Kansas is at Oklahoma in other important games tonight.

The results of the Big Eight and Big Ten scrambles will fill two of the remaining six spots in the NCAA postseason tournament for the national championship which opens on Saturday with seven first-round games.

Two other NCAA berths will be decided Tuesday night. Columbia and Princeton play off for the Ivy League crown on St. John's neutral court in New

York. Murray and East Tennessee meet in a similar playoff for the Ohio Valley Conference crown on Eastern Kentucky's neutral court in Richmond, Ky.

Princeton gains its tie with Columbia by ending the Lions' 16-game winning streak Saturday night 68-57. East Tennessee tied Murray by defeating Tennessee Tech 85-82.

The Atlantic Coast Conference championship tourney, opening at Charlotte with four games Thursday, and the winner of the West Coast Athletic Conference in which Santa Clara leads Los Angeles Loyola by one game, will determine the last two NCAA berths.

UCLA, the defending national

champ, Davidson, LaSalle, Texas Christian and Weber State qualified for the NCAA over the weekend.

They joined Houston, St. Bonaventure, St. John's, Florida State, Marquette, Chicago Loyola, New Mexico State, Boston College, Louisville, Bowling Green, Kentucky and New Mexico in the 23-team field.

Hockey

Saturday's Results

Guarantee

Every new B.F. Goodrich passenger car tire not branded "non-skid" is guaranteed for the life of the original tread, regardless of age or mileage, against defects in material and workmanship, and in normal non-commercial passenger car service, against failure caused by road hazards (not including repairable punctures). If such tire fails under this guarantee and is so damaged beyond repair, the owner will receive full allowance for remaining tread toward the purchase of a new tire of our manufacture at the then current retail "trade-in" price.

Wings Have Fun; Down Canadiens

By The Associated Press
The Detroit Red Wings apparently believe that if you can't win big, you might as well have fun losing.

Not that they lost. They dumped the high-flying Montreal Canadiens, 5-2, in a National Hockey League game Sunday.

But the Wings are hopelessly mired in the cellar in the league's East Division, while the Canadiens are scrambling to stay in first place.

Montreal's 3-2 loss to Minnesota Saturday and Sunday's loss to the Wings, coupled with New York's two victories over the weekend, left the Canadiens a mere three points ahead of the Rangers.

New York beat Philadelphia, 4-0, Saturday and dumped Chicago, 4-0, Sunday.

In other Sunday games, Boston trounced St. Louis, 9-3, Oakland tied Philadelphia, 1-1. In other Saturday games, Toronto beat Los Angeles, 5-2, Chicago and St. Louis tied, 3-3, and Pittsburgh and Oakland deadlocked, 6-6.

If the Wings got any satisfaction out of humbling Montreal on Sunday, at least partial credit is due the Canadiens' John Ferguson.

Ferguson's aggressive play cost Montreal a 1-0 lead and its momentum, and also got him 12

stitches in his head. The big left wing was given five two-minute penalties in the first two periods.

Montreal took a 1-0 lead on Jean Beliveau's goal, his 1,000th career point in the NHL, and dominated play until 15:31 of the first period when, with Ferguson in the penalty box, rookie Nick Libett tied it for Detroit with his first NHL goal.

Detroit went in front to stay in the second period on goals by Gary Bergman and Norm Ullman. Ullman also scored in the third period.

Ferguson got his stitches in the second period. He took off his gloves to do battle with Howie Young, and Young promptly cracked Ferguson on the head with his stick.

Sunday's victory was the fifth straight for New York, which moved ahead of Chicago in the fight to catch Montreal. It also was the second straight shutout and seventh of the season for goalie Ed Giacomin, who gets a \$100 bonus from his club every time he blanks an opponent.

Vic Hadfield scored twice for the Rangers, who tied a club record with their 32nd victory. Rod Gilbert assisted on one of Hadfield's power-play goals, and the point moved him into a tie with Chicago's Stan Mikita for the league scoring lead. Each has 73 points.

OUT OUR WAY

by J. R. Williams

OUR BOARDING HOUSE with Major Hoople

WELL, I'LL BE... I GIVE YOU MY OLD PAIR OF SKIS AND RIGHT AWAY YOU CUT THEM OFF! WHAT'S THE IDEA?

IT'S GETTIN' LATE IN THE SEASON AND THEY'LL PROBABLY BE THE LAST TIME I'LL GET TO DO ANY SKIN! I SIMPLY ALTERED THE EQUIPMENT TO FIT THE SITUATION, IS ALL!

UM, YAS, JAKE, I'M GLAD YOU BROUGHT UP THE MATTER! MY SHARE OF THE RETURNING CAME TO \$58 WHICH HAPPENS TO BE THE BILL FOR MY SERVICES! HERE'S THE BUTCHER'S BILL FOR \$60 FOR SUPPLIES!

I'M ONTA YA, AMOS—THEM BIG-MOUTHED BOARDERS SPILLED THE SOUP! NOW HAND OVER THE PROFITS TO THE SHISH KAWIENIE SALE AT THE BASKET-BALL GAME OR GO BUSTED BEAK!

THE BORN LOSER

HELLO, THORNAPPLE, GUESS WHO'S BACK A DAY EARLY FROM HIS BUSINESS TRIP? YOU'RE FIRED! PASS IT ON!

LIL' ABNER

STOP!!

YOU'LL REGRET THIS IN THE END, IF YOU'LL FOGIVE TH' EX-PRESH-UN!!

A HAMMUS ALABAMMUS!!

THE HAMMUS ALABAMMUS!!

SHE DON'T REELIZE WHUT SHE'S DOIN'! SEND HER BACK!!

IMPOSSIBLE!! THIS IS A FREE COUNTRY AND SHE'S A FREE SWINE!!

AND A MIGHTY DELICIOUS ONE, TOO—I'LL BET!!

MARK TRAIL

TRAPPING OUR DEER AND TAKING THEM OUT OF HERE IS BAD ENOUGH, DAVIS...

BUT IF YOU'VE DONE ANYTHING TO MY DOG, SO HELP ME, I'LL...

I TOLD YOU, ROUNDTREE, I DON'T KNOW WHERE YOUR DOG IS!

HI, SCOTTY... I... ER... GOOD MORNING, MR. ROUNDTREE... I DIDN'T EXPECT TO SEE YOU HERE!

MR. ROUNDTREE WAS JUST LEAVING!

BUGS BUNNY

ANOTHER BRIMMING WASTE BASKET—AND ANOTHER WEARY TREK TO THE TRASH BIN IN THE BASEMENT!

HEY, SYLVESTER, I GOT A COMPLAINT ABOUT A DOG LOOSE AROUND HERE! YA SEEN 'IM?

HMM!

I BELIEVE HE WENT THAT WAY, SIRE.

THANKS!

BETTER BAILEY

WELL, MY TIME IS MORE VALUABLE THAN YOUR TIME!

OH, YOU'RE NOT THAT BUSY! IT'LL ONLY TAKE YOU FIVE SECONDS!

IT'LL ONLY TAKE ME FIVE KNUCKLES TO--

PRISCILLA'S POP

MY DOG IS A PURE-BRED BUT YOURS IS ONLY A MUTT!

I NOTICE HE DOESN'T EVEN HAVE A DOG TAG!

OH, YEAH?

MAYBE HE'S GOT AN UNLISTED NUMBER!

BLONDIE

WHEN I'M CALLING YOU!!

OUT! THE WHOLE PACK OF YOU!

WHEN I WANT A CHORAL GROUP WITH MY SINGING I'LL ASK FOR IT!

Arthur Allen

Taken By Death

Arthur Malcolm Allen, 67, of 521 Delta Ave., died at 3 p.m. Sunday while skiing at Cliff's Ridge in Marquette. He was born Oct. 1, 1900 in Norway, Europe and had resided in the United States for 50 years. He came to Manistique in 1923.

Mr. Allen was married to the former Astrid N. Larson in March of 1924 in St. Paul, Minn. He was an active promoter of skiing in the area. The Arthur Allen Ski Jump was named for him and he was one of the originators of the Thunder Bowl ski area. He served with the Merchant Marines in WW I and had been employed by the Manistique Pulp and Paper Co., retiring in 1965.

He is survived by his widow; one son, Arthur L. of Iron River, three grandchildren and two brothers, Einar and Gunnar in Sweden.

Friends may call at the Messier-Broulliere Funeral Home after 4 p.m. Tuesday and funeral services will be conducted at 2 p.m. Wednesday at the funeral home with Rev. Robert Haring officiating. Burial will be in Fairview Cemetery.

MANISTIQUE

Board Will Name School Advisors

Manistique Area Board of Education has approved a request from school administrators that an advisory educational planning committee be appointed.

Objective of the advisory committee will be to implement a more comprehensive program of quality education in the district.

Some of the projections for future educational needs will include selection of education programs to be offered; student and adult services to be rendered; construction and remodeling programs for school buildings and means of financing; and size and composition of the district.

The Board hopes to attract representation from every element of the community: PTA's, other boards of education, Ministerial Association, governmental bodies, certified and auxiliary employees of the school system, veterans groups, community school participants, labor organizations, and local Chamber of Commerce members.

Appointments would last for at least one year.

FUNERAL SERVICES for Col. Carl E. Peterson, who was killed in Vietnam, will be conducted at 2 p.m. Tuesday at Bethel Baptist Church. Military rites will be at Fairview Cemetery. Col. Peterson died Feb. 10 when the plane on which he was a passenger was struck by hostile fire and crashed.

Carpenter And

Corson Retire

Evidently it's the vogue to celebrate your retirement by taking a trip to Hawaii!

At least two management retirees of Inland Lime and Stone Company, with a combined employment record of 70 years service, are celebrating in this manner.

William A. Corson, who has been with Inland since May 8, 1936, retired effective March 1. Mr. and Mrs. Corson left Detroit Saturday morning by jet for a vacation in the Islands.

Archie J. Carpenter, who began his employment with the Inland on Oct. 6, 1930, also retired effective March 1. Mr. and Mrs. Carpenter plan to leave Thursday morning for an extended stay in the Islands.

Corson was employed as Sales Manager of Inland. Harold Cockram has been promoted to fill the vacancy created by Corson's retirement. Cockram joined the Inland in 1964 as Assistant Sales Manager.

Carpenter was employed as General Quarry Foreman of Inland.

Charles W. Atwater has been promoted to the position of General Quarry Foreman, succeeding Carpenter. Atwater has been employed as Chief Engineer. He began his employment with Inland in 1951.

The retirements and promotions were announced by John W. Moffat, vice-president and general manager of the Inland Steel division.

Youths Fined

In Beer Case

Jerry Moe, 18, Gould City, and Jerry Terrian, 18, Gulliver, appeared before Justice Howard Magoon Friday and pleaded guilty to being minors in possession of alcoholic beverages in an automobile.

Moe and Terrian were each fined \$50 plus \$8.20 court costs and sentenced to five days in the county jail.

The two were arrested by State Police Thursday night on U.S. 2 in Gulliver at 10:45.

The Moe vehicle was stopped by a State Police night patrol for a traffic violation and upon investigation a quantity of beer was found. The two were lodged in the county jail overnight.

State Police advise that an investigation is continuing to determine where the beer was purchased and that it appears a local store may be cited for selling to minors.

Women Join In

Day Of Prayer

Representatives from all area churches were present at St. Alban's on Friday afternoon for the local observance of World Day of Prayer.

Mrs. J. P. Quick of Zion Lutheran Church, Mrs. Dorothy Shipman of Church of the Redeemer, Presbyterian, and Mrs. William J. Sheahan, St. Francis de Sales Catholic Church, were leaders in the Prayer Service.

At the conclusion of the Prayer Service the Peace Prayer was passed from the leaders to all the women in attendance.

General Chairman of the event was Mrs. James Fyvie, who also provided organ selections for the afternoon.

Mrs. F. L. Case and Mrs. Charles Slining were ushers for the afternoon service.

Mrs. Ernest Eklund, Mrs. Thomas Barham and Mrs. C. S. Johnson of St. Alban's comprised the hostess committee. Refreshments were served in the undercroft following the service.

Church Events

St. Elizabeth Circle
St. Elizabeth Circle will meet Tuesday night at 8 at the home of Mrs. Robert Ebli, West Shore Drive. Mrs. John Kelly will be assisting hostess.

Episcopal Church
Women of St. Alban's Episcopal Church will meet in the church undercroft Tuesday night at 8. This will be a business and social meeting. Hostesses for the evening are Mrs. Mary Smith, Mrs. Millicent Jones, and Mrs. Florence Vance.

Briefly Told

American Women's Association will meet Tuesday night at 8 at the home of Mrs. Minola Weber, 165 River St.

Hot Lunch menu for Central and Fairview School on Tuesday will be roast turkey and gravy, whipped potatoes, cranberries and peaches.

Masonic services for Lt. Col. Carl E. Peterson will be conducted at 7 p.m. today at the Messier-Broulliere Funeral Home followed by Veteran's services at 8 p.m.

Bob Sellman of Sellman Bros. Fisheries reports that he and the Casey Brothers broke ice from the Manistique Harbor on Thursday and set white fish nets for the first time this year. The nets were set approximately 15 miles offshore.

Garden Peninsula

Supt. Larry Lundell and secretary of Big Bay de Noc Schoolboard Carl Van ReMortel have returned from Lansing where they met with the State Bonding Board. A report on the meeting will be given at a later date.

Open House
Open House was held at the Big Bay de Noc High School in Nahma, Thursday evening, Feb. 29. Parents attended 20 minute classes and criticism sheets on each pupil were given the parents and problems or future plans were discussed. After completion of classes, parents and teachers met in the hot lunch room, where Supt. Larry Lundell explained the high school curriculum. Coffee and cake was served during study hall periods throughout the evening.

It was mistakenly reported that the cake baked for Mrs. John Watchorn's shower was made and decorated by Mrs. Stoken. It was made by Mrs. Hall (Margie) Tatrow of Garden.

Earl (Bob) Neelis of Waukegan is visiting at his mother's home, Mrs. Clifton Spaulding of Kates Bay for several days.

The planet Mars, like the earth, has balmy summer afternoons with a ground temperature at the equator of about 70 degrees. At night, however, the temperature may reach 150 below zero.

Quill And Scroll

Banquet Is Set

The annual Quill and Scroll Banquet and initiation of new candidates has been scheduled for March 20 in the high school gym.

Dave Andrews, city editor of the Escanaba Daily Press, will be speaker for the evening.

Program and initiation are in charge of Quill and Scroll alumni under the direction of Mrs. Earl H. LeBrasseur. Food, decorations, and invitations are being planned by Mrs. Carl Makel.

Quill and Scroll is an international honor society of students working in the field of journalism and/or participating on a school year book.

Wine For Sailors

SAN FRANCISCO (AP)—The French aircraft carrier Jeanne d'Arc, which sailed from San Francisco after a goodwill visit, took on fuel and 3,500 gallons of red wine.

GLADSTONE

Briefly Told

August Mattson Post American Legion will hold a regular meeting at 7:30 p.m. today in the Legion Hall.

Gladstone City Police issued a ticket to Marie J. Hirn, 1411 Michigan Ave., for violation of the basic speed law, too fast for conditions, following a minor accident at Marble Ave., and S. 18 St., at 3:40 p.m. Friday.

City Police of Gladstone have issued traffic court notices to Aino R. Anderson, 227 N. 12th St., disobeying a traffic signal; and to James J. Cook, 525 Dakota, failing to yield the right of way and failing to wear glasses as required by his license.

Pioneered Drug Therapy:

Dr. John Ferguson Is

Heart Attack Victim

TRAVERSE CITY (AP) — It took Dr. John Ferguson 22 years to get through medical school. He was delayed by emotional illness, drug addiction and a heart attack.

But when he finally was graduated from Indiana University in 1948 after a heroic personal battle, he had conquered two of the three ailments.

The third caused his death.

He died of a heart attack last Friday night at Traverse City State Hospital, trying to direct traffic during a minor fire at the institution where he won a reputation as a pioneer in the use of drugs on emotionally disturbed patients.

Funeral Tuesday

Funeral services for the colorful doctor, director of the geriatrics program at Traverse City State Hospital, will be held Tuesday at the Carmelite Monastery in Traverse City. A rosary will be recited tonight at All Saint Chapel on the hospital grounds.

Ferguson, who is survived by his widow, Mary, of Traverse City, once said, "I look at medicine a little differently" because of his struggles.

"Because of my personal experiences in medical and psychiatric training, we have no incurable patients," he told Harris Coates of The Flint Journal in a 1957 interview.

"I say that even though I was declared incurable at one time," he said.

Ferguson said that before getting his medical degree, he was hospitalized or taken into custody five times because of emotional illness, was addicted to barbiturates and underwent "true withdrawal symptoms" and suffered a heart attack.

Ends Strait Jacket

He joined Traverse City State Hospital in 1955 and began working with other doctors in pioneer research into use of tranquilizers and other drugs on mental patients.

After experimenting with 39 different drugs, he reported in 1957 that mechanical devices to restrain patients—strait jackets—"are a thing of the past" except for occasional, limited use.

He was a central figure in changing the philosophy of state hospital treatment of the emotionally ill from that of custodial measures to therapeutic techniques designed to rehabilitate patients.

His personal struggles were described in a book about Ferguson, "A Man Against Insanity," written by noted science writer Paul de Kruif.

Limited Entry On

Superior Favored

MADISON — Limited entry for Wisconsin's commercial fishermen on Lake Superior will be discussed at a meeting of the Great Lakes Commercial Fishery Advisory Council in Wausau, March 5. The council will review results of the public hearing on limited entry held Feb. 12 at Washburn, attended by 63 sportsmen and commercial fishermen. General approval of proposed limited entry rules was expressed.

Proposed limits, effective July 1, 1968, would allow issuance of no more than 68 commercial fishing licenses for Lake Superior waters within Wisconsin's jurisdiction. To be eligible, applicants would have to have been engaged in commercial fishing, or a member or partner in a commercial fishing crew, for the past five years.

Wake Up Your

PERISTALSIS

And Be Your

SMILING BEST

Peristalsis is the muscular action of your digestive system. When peristaltic action slows down, waste materials can build up in the lower tract. You can become irregular, uncomfortable, stuffed.

The unique laxative formula of today's Carter's Pills gives effective, temporary relief of the irregularity by activating the slowed-down muscles of the lower tract and stimulating peristalsis.

So if you're sluggish due to irregularity, take Carter's Pills to wake up your peristalsis and you'll bounce back to your smiling best.

Millions of satisfied users take Carter's Pills for effective temporary relief of irregularity. Why don't you, 49¢.
